**CRRA reserves the right to reject any or all of the bids, or any part(s) thereof, and/or to waive any informality or informalities in any bid or the RFB process for this Project.**

## 13. Bid Evaluation

The award of the contract for the Work will be made, if at all, to the bidder(s) whose evaluation by CRRA results in CRRA determining that such award to such bidder(s) is in the best interests of CRRA. **However, the selection of a bidder(s) and the award of such contract, while anticipated, are not guaranteed.**

CRRA is an Equal Opportunity and Affirmative Action employer and does not discriminate in its hiring, employment, contracting, or business practices. CRRA is committed to complying with the Americans with Disability Act of 1990 (ADA) and does not discriminate on the basis of disability in admission to, access to, or operation of its programs, services, or activities.

### 13.1 Evaluation Criteria

CRRA will base its evaluation of the bids on price, qualifications, demonstrated skill, ability and integrity of each bidder to perform the Work required by the Contract Documents and any other factor or criterion that CRRA, in its sole discretion, deems or may deem relevant or pertinent for such evaluation.

### 13.2 Affirmative Action Evaluation Criteria

Bids will also be rated on the bidder's demonstrated commitment to affirmative action. Sections 46a-68-1 to 46a-68-17 of the *Regulations of Connecticut State Agen-*

*cies* require CRRA to consider the following factors when awarding a contract that is subject to contract compliance requirements:

- (a) The bidder's success in implementing an affirmative action plan (See Question 4 of the Questionnaire Concerning Affirmative Action, Small Business Contractors And Occupational Health And Safety (Section 8 of this RFB));
- (b) The bidder's success in developing an apprenticeship program complying with Sections 46a-68-1 to 46a-68-17 of the *Regulations of Connecticut State Agencies*, inclusive (See Question 5 of the Questionnaire Concerning Affirmative Action, Small Business Contractors And Occupational Health And Safety (Section 8 of this RFB));

- (d) The bidder's submission of EEO-1 data indicating that the composition of its work force is at or near parity when compared to the racial and sexual composition of the work force in the relevant labor market area (See Section 11(i) of this Instructions To Bidders); and
- (e) The bidder's promise to set aside a portion of the contract for legitimate minority business enterprises (See Section 11(b) of this Instructions To Bidders).

#### **14. Contract Award**

If the contract is to be awarded, CRRA will issue to the successful bidder(s) a Notice Of Award within ninety (90) days after the bid due date.

CRRA reserves the right to correct inaccurate awards resulting from CRRA's clerical errors. This may include, in extreme circumstances, revoking a Notice Of Award already made to a bidder and subsequently awarding the Notice of Award to another bidder. Such action by CRRA shall not constitute a breach of this RFB by CRRA since the Notice Of Award to the initial bidder is deemed to be void ab initio and of no effect as if no Agreement ever existed between CRRA and the initial bidder.

#### **15. Contractor's Certification Concerning Gifts**

Pursuant to *Connecticut General Statutes* Section 4-252, the apparently successful bidder(s) must submit a document certifying that it has not given any gifts to certain individuals between the date CRRA started planning the RFB and the date the Agreement is executed. If the apparently successful Bidder does not execute the Certification, it will be disqualified for the Agreement. The dates between which the bidder may not give gifts and

the identities of those to whom it may not give gifts are specified in the attachment to the Notice Of Award included in this RFB (see Attachment A to Section 12 of the RFB).

**16. Prevailing Wage Requirements**

The Work, regardless of which part or parts of the Work the successful bidder(s) is selected, will be subject to the Prevailing Wage provisions of the *Connecticut General Statutes*. (See Section 8.7 of the Agreement.) In particular, within 30 days of receiving the contract award, the successful Bidder must furnish proof to the Connecticut Labor Commissioner that all of its employees and apprentices performing manual labor on the Project will have completed at 10-hour Occupational Safety and Health Administration (“OSHA”) construction safety and health course.

**17. Bidder’s Qualifications**

CRRA may make any investigation deemed necessary to determine the ability of any bidder to perform the Work required. Each bidder shall furnish CRRA with all such information as may be required for this purpose.

**18. Bid Preparation And Other Costs**

Each bidder shall be solely responsible for all costs and expenses associated with the preparation and/or submission of its bid, or incurred in connection with any interviews and negotiations with CRRA, and CRRA shall have no responsibility or liability whatsoever for any such costs and expenses.

CONTRACTORS AND PROSPECTIVE STATE  
CONTRACTORS OF CAMPAIGN CONTRIBUTION  
AND SOLICITATION BAN**

## SEEC FORM 11

### **NOTICE TO EXECUTIVE BRANCH STATE CONTRACTORS AND PROSPECTIVE STATE CONTRACTORS OF CAMPAIGN CONTRIBUTION AND SOLICITATION BAN**

This notice is provided under the authority of Connecticut General Statutes 9-612(g)(2), as amended by P.A. 07-1, and is for the purpose of informing state contractors and prospective state contractors of the following law (italicized words are defined on the following page):

#### **Campaign Contribution and Solicitation Ban**

No *state contractor, prospective state contractor, principal of a state contractor or principal of a prospective state contractor*, with regard to a *state contract or state contract solicitation* with or from a state agency in the executive branch or a quasi-public agency or a holder, or principal of a holder of a valid prequalification certificate, shall make a contribution to, or *solicit* contributions on behalf of (i) an exploratory committee or candidate committee established by a candidate for nomination or election to the office of Governor, Lieutenant Governor, Attorney General, State Comptroller, Secretary of the State or State Treasurer, (ii) a political committee authorized to make contributions or expenditures to or for the benefit of such candidates, or (iii) a party committee;

In addition, no holder or principal of a holder of a valid prequalification certificate, shall make a contribution to, or solicit contributions on behalf of (i) an exploratory committee or candidate committee established by a candidate for nomination or election to the office of State senator or State representative, (ii) a political committee authorized to make contributions or expenditures to or for the benefit of such candidates, or (iii) a party committee.

#### **Duty to Inform**

State contractors and prospective state contractors are required to inform their principals of the above prohibitions, as applicable, and the possible penalties and other consequences of any violation thereof.

#### **Penalties for Violations**

Contributions or solicitations of contributions made in violation of the above prohibitions may result in the following civil and criminal penalties:

Civil penalties--\$2000 or twice the amount of the prohibited contribution, whichever is greater, against a principal or a contractor. Any state contractor or prospective state contractor which fails to make reasonable efforts to comply with the provisions requiring notice to its principals of these prohibitions and the possible consequences of their violations may also be subject to civil penalties of \$2000 or twice the amount of the prohibited contributions made by their principals.

Criminal penalties—Any knowing and willful violation of the prohibition is a Class D felony, which may subject the violator to imprisonment of not more than 5 years, or \$5000 in fines, or both.

#### **Contract Consequences**

Contributions made or solicited in violation of the above prohibitions may result, in the case of a state contractor, in the contract being voided.

Contributions made or solicited in violation of the above prohibitions, in the case of a prospective state contractor, shall result in the contract described in the state contract solicitation not being awarded to the prospective state contractor, unless the State Elections Enforcement Commission determines that mitigating circumstances exist concerning such violation.

The State will not award any other state contract to anyone found in violation of the above prohibitions for a period of one year after the election for which such contribution is made or solicited, unless the State Elections Enforcement Commission determines that mitigating circumstances exist concerning such violation.

If any adjustment(s) to the Contract Price and/or the Contract Time is required as a result of such revisions, modifications or changes, CRRA and Contractor shall mutually agree in writing on the amount of such adjustment(s) provided that the schedule of values (including the unit prices set forth therein) approved by CRRA for the Project, to the extent applicable, shall be used to determine the appropriate increase or decrease in the quantity or cost of the materials or Work necessitated by such revisions, modifications or changes. Contractor shall promptly commence and perform any work required by such revisions, modifications or changes even if CRRA and Contractor cannot agree on the amount of such adjustment(s).

Contractor acknowledges and agrees that CRRA does not assume any responsibility for such information and data and that Contractor is solely responsible for investigating and satisfying itself as to all actual and existing Site conditions, including but not limited to surface conditions, subsur-

face conditions and underground facilities. Contractor has carefully studied all such information and data and Contractor has obtained and carefully studied (or assumes responsibility for having done so) all such additional or supplementary examinations, investigations, explorations, tests, studies and data concerning conditions (including but not limited to surface conditions, subsurface conditions and underground facilities) at or contiguous to the Site and all other conditions or factors which may affect cost, progress, performance, furnishing or completion of the Work or which relate to any aspect of the means, methods, techniques, sequences, and procedures of construction or performance of the Work to be employed by Contractor and safety precautions and programs incident thereto. Contractor does not consider that any additional examinations, investigations, explorations, tests, studies or data are necessary for Contractor to conclusively determine, and Contractor has so determined, that the Work can be performed, furnished and completed in accordance with the Contract Time, the Contract Price and the other terms and conditions of the Contract Documents. In the event that the information or data shown or indicated in the Contract Documents with respect to underground facilities or surface, subsurface or other conditions at or contiguous to the Site differs from conditions encountered by Contractor during performance of the Work, there shall be no increase in the Contract Price and/or no extension of the Contract Time as a result of such differing conditions, unless CRRA, in its sole and absolute discretion, agrees in writing to such increase and/or extension.

## **2.9 Proprietary Information**

Contractor shall not use, publish, distribute, sell or divulge any information obtained from CRRA by virtue of this Agreement for Contractor's own purposes or for the benefit of any person, firm, corporation or other entity (other than CRRA) without the prior written consent of CRRA. Any report or other work product prepared by Contractor in connection with the performance of the Work hereunder shall be owned solely and exclusively by CRRA and cannot be used by Contractor for any purpose beyond the scope of this Agreement without the prior written consent of CRRA.

## **2.10 Books and Records**

Contractor shall maintain proper books and records containing complete and correct information on all Work performed by Contractor pursuant to this Agreement in accordance with generally accepted accounting principles and practices. CRRA has the right to inspect and review all such books and records during Contractor's business hours.

## **2.11 Status of Contractor**

CRRA and Contractor acknowledge and agree that Contractor is acting as an independent contractor in performing any Work for CRRA hereunder and that Contractor shall perform such Work in its own manner and method subject to the terms of this Agreement. Nothing in this Agreement shall be construed or interpreted as creating a partnership, a joint venture, an agency, a master-servant relationship, an employer-employee relationship or any other relationship between CRRA and Contractor other than that of an owner and an independent contractor. Contractor is expressly forbidden from transacting any business in the name of or on

account of CRRA, and Contractor has no power or authority to assume or create any obligation or responsibility for or on behalf of CRRA in any manner whatsoever.

## **2.12 Subcontractors**

Contractor shall consult with CRRA before hiring any subcontractors to perform any Work hereunder. Contractor shall require all of its subcontractors to abide by the terms and conditions of this Agreement. Moreover, Contractor's subcontracts with such subcontractors shall specifically provide that, in the event of a default by Contractor thereunder or under this Agreement, CRRA may directly enforce such subcontracts and make payments thereunder. Contractor shall provide CRRA with all contracts, amendments, books, records, accounts, correspondence and other materials necessary to enforce such subcontracts. Also Contractor's subcontracts with its subcontractors shall specifically include CRRA as a third party beneficiary and shall provide that such subcontractors shall not be excused from any of their obligations under such subcontracts by reason of any claims, setoffs, or other rights whatsoever that they may have with or against Contractor other than through such subcontracts.

## **2.13 Contractor's Employees**

All persons employed by Contractor shall be subject and responsible solely to the direction of Contractor and shall not be deemed to be employees of CRRA.

## **2.14 Mechanic's Liens**

Contractor shall claim no interest in the Property or any equipment, fixtures or improvements located or to be located thereon, including but not limited to the Site or any part thereof. Contractor shall not file any mechanic's liens or other liens or security interests against CRRA or any of its properties, including but not limited to the Property. Contractor shall defend, indemnify and hold harmless CRRA against all costs associated with the filing of such liens or interests by Contractor or any of its subcontractors or materialmen. Before any subcontractor or materialman of Contractor commences any Work hereunder, Contractor shall deliver to CRRA an original waiver of mechanic's liens properly executed by such subcontractor or materialman. If any mechanic's lien is filed against CRRA or any of its properties in connection with the Work hereunder, Contractor shall cause the same to be canceled and discharged of record within fifteen (15) days after the filing of such lien and, if Contractor fails to do so, CRRA may, at its option but without any obligation to do so, make any payment necessary to obtain such cancellation or discharge and the cost thereof, at CRRA's election, shall be either deducted from any payment due to Contractor hereunder or reimbursed to CRRA promptly upon demand by CRRA to Contractor.

### **3. COMPENSATION AND PAYMENT**

#### **3.1 Compensation**

The total amount of compensation to be paid to Contractor by CRRA for the Work hereunder shall not exceed [AMOUNT OF CONTRACT] Dollars ([\$NUMBER]) (the "Contract Price"), which Contract Price shall be payable as set forth in Section 3.2 below. Contractor acknowledges and agrees that the Contract Price constitutes the full compensation to Contractor for the Work to be performed by Contractor hereunder and includes all expenses and costs to be incurred by Contractor in performing such Work.

#### **3.2 Payment Procedure**

After Contractor completes the Work, except for the one (1) year warranty period, Contractor shall submit to CRRA a written request for payment for all the Work completed by Contractor. The written request for payment shall be submitted in accordance with the General Requirements, and such request shall include the name of the Project, the contract number, and all of the other information and documentation required by the General Requirements.

If CRRA determines in its sole and absolute discretion that the Work for which Contractor is requesting payment has been properly performed and completed in conformance with the Standards, Contractor is not in default hereunder and CRRA does not dispute the amount of the payment requested, then CRRA shall pay Contractor the amount requested (the "Authorized Sum") within thirty (30) days after CRRA's receipt of such written request. If, however, CRRA determines that any of the Work for which Contractor has requested payment is not in conformance with the Standards, then CRRA may in its sole and absolute discretion withhold all or a portion of the Authorized Sum, and Contractor shall, if requested by CRRA, immediately take, at Contractor's sole cost and expense, all action necessary to render such Work in conformance with the Standards. CRRA shall have no obligation under this Agreement to pay for any Work that CRRA determines has not been performed and/or completed in conformance with the Standards. CRRA shall have no obligation to pay Contractor any amounts due Contractor under this Agreement if Contractor is in default hereunder.

#### **3.3 Accounting Obligations**

Contractor shall maintain books and accounts of the costs incurred by Contractor in performing the Work pursuant to this Agreement by contract number and in accordance with generally accepted accounting principles and practices. CRRA, during normal business hours, for the duration of this Agreement, shall have access to such books and accounts to the extent required to verify such costs incurred.

#### **3.4 Withholding Taxes And Other Payments**

No FICA (social security) payroll tax, state or federal income tax, federal unemployment tax or insurance payments, state disability tax or insurance payments or state unemployment tax or insurance payments shall be paid or deposited by CRRA with respect to Contractor, nor be withheld from payment to Contractor by CRRA. No workers' compensation insurance has

been or will be obtained by CRRA on account of the Work to be performed hereunder by Contractor, or any of Contractor's employees or subcontractors. Contractor shall be responsible for paying or providing for all of the taxes, insurance and other payments described or similar to those described in this Section 3.4 and Contractor hereby agrees to indemnify CRRA and hold CRRA harmless against any and all such taxes, insurance or payments, or similar costs which CRRA may be required to pay in the event that Contractor's status hereunder is determined to be other than that of an independent contractor.

### **3.5 State of Connecticut Taxes**

Contractor agrees that, pursuant to *Connecticut General Statutes* § 22a-270 (as the same may be amended or superceded from time to time) CRRA is exempt from all State of Connecticut taxes and assessments. Without limiting the generality of the preceding sentence, Contractor also agrees that, pursuant to *Connecticut General Statutes* § 12-412(92) (as the same may be amended or superceded from time to time), "[t]he sales and use of any services or tangible personal property to be incorporated into or used or otherwise consumed in the operation of any project of [CRRA] . . . whether such purchases are made directly by [CRRA] or are reimbursed by [CRRA] to the lessee or operator of such project" is not subject to Connecticut Sales and Use Taxes. Accordingly, Contractor shall not charge CRRA any State of Connecticut taxes or assessments at any time in connection with Contractor's performance of this Agreement, nor shall Contractor include any State of Connecticut taxes or assessments in any rates, costs, prices or other charges to CRRA hereunder. The obligations of Contractor contained in the preceding sentence are absolute and shall apply notwithstanding any payment by Contractor of any State of Connecticut taxes or assessments in connection with its performance of this Agreement. Contractor represents and warrants that no State of Connecticut taxes or assessments were included in any rates, costs, prices or other charges presented to CRRA in any RFB or other submittal or proposal to CRRA in connection with this Agreement.

## **4. TERM OF AGREEMENT**

### **4.1 Term**

The term of this Agreement shall commence upon the Effective Date and shall terminate, unless otherwise terminated or extended in accordance with the terms and provisions hereof, on the first anniversary of the Acceptance Date.

### **4.2 Time is of the Essence**

CRRA and Contractor hereby acknowledge and agree that time is of the essence with respect to Contractor's performance of the Work hereunder. Accordingly, upon CRRA's issuance to Contractor of a notice to proceed with the Work (the "Notice To Proceed"), which Notice To Proceed shall be issued after the parties hereto receive all of the local, state and federal permits required for the Work hereunder, Contractor shall immediately commence performance of the Work and continue to perform the same during the term of this Agreement in accor-

dance with the schedule set forth in attached **Exhibit C** in order to complete all of the Work and have such Work ready for CRRA's acceptance at the end of the number of days specified in **Exhibit C** following the issuance of such Notice To Proceed (the "Completion Date").

CRRA and Contractor recognize the difficulties involved in proving actual damages and losses suffered by CRRA if the Work is not completed and ready for CRRA's acceptance by the Completion Date. Accordingly, instead of requiring any such proof, CRRA and Contractor agree that as liquidated damages for any such delay in completion or readiness for acceptance (but not as a penalty) Contractor shall pay CRRA one hundred dollars (\$100.00) for each calendar day beyond the Completion Date that Contractor fails to complete all of the Work or have the same ready for CRRA's acceptance until all such Work is completed by Contractor and readied by Contractor for acceptance by CRRA.

### **4.3 Termination**

CRRA may terminate this Agreement at any time by providing Contractor with ten (10) days' prior written notice of such termination. Upon receipt of such written notice from CRRA, Contractor shall immediately cease performance of all Work, unless otherwise directed in writing by CRRA. Prior to any termination of this Agreement, Contractor shall remove all of its personnel and equipment from the Property, restore any part of the Property, any of the improvements located or to be located thereon, including but not limited to any access roads, or any of the Work that requires restoration pursuant to the terms and conditions of Section 4.4 hereof. Upon termination of this Agreement pursuant to this Section 4.3,

- (a) CRRA shall pay Contractor for all Work performed and completed by Contractor prior to the termination date, provided:
  - (1) Such Work has been performed and completed by Contractor in conformance with the Standards;
  - (2) Payment for such Work has not been previously made or is not disputed by CRRA;
  - (3) Contractor is not in default hereunder; and,
  - (4) Contractor has performed and completed all its obligations under this Section 4.3 and Section 4.4 hereof to CRRA's satisfaction, and
- (m) CRRA shall have no further liability hereunder.

Except for the payment that may be required pursuant to the preceding sentence, CRRA shall not be liable to Contractor in any other manner whatsoever in the event CRRA exercises its right to terminate this Agreement.

### **4.4 Restoration**

Unless otherwise directed in writing by CRRA, Contractor shall:

- (a) Restore any part of the Property or any of the improvements located or to be located thereon, other than those areas of the Property or such improvements improved by Contractor pursuant to this Agreement, disturbed or damaged by Contractor or any of its directors, officers, employees, agents, subcontractors or materialmen to the same condition existing immediately prior to such disturbance or damage; and
- (n) Restore or repair any completed Work so disturbed or damaged to the condition required by the Contract Documents for acceptance of such Work by CRRA.

## **5. INDEMNIFICATION**

### **5.1 Contractor's Indemnity**

Contractor shall at all times defend, indemnify and hold harmless CRRA and its board of directors, officers, agents and employees from and against any and all claims, damages, losses, judgments, liability, workers' compensation payments and expenses (including but not limited to attorneys' fees) arising out of injuries to the person (including death), damage to property or any other damages alleged to have been sustained by: (a) CRRA or any of its directors, officers, agents, employees or other contractors, or (b) Contractor or any of its directors, officers, agents, employees, subcontractors or materialmen, or (c) any other person, to the extent any such injuries, damage or damages are caused or alleged to have been caused in whole or in part by the acts, omissions or negligence of Contractor or any of its directors, officers, agents, employees, subcontractors or materialmen. Contractor further undertakes to reimburse CRRA for damage to property of CRRA caused by Contractor or any of its directors, officers, agents, employees, subcontractors or materialmen, or by faulty, defective or unsuitable material or equipment used by it or any of them. The existence of insurance shall in no way limit the scope of this indemnification. Contractor's obligations under this Section 5.1 shall survive the termination or expiration of this Agreement.

### **5.2 Workmanship and Materials Warranty; Other Warranties and Guarantees**

For a period of one (1) year following the Acceptance Date (the "Warranty Period"), Contractor warrants the workmanship, equipment, and materials furnished under this Agreement for the Project against defects. If during or at the end of the Warranty Period, CRRA determines that any of such workmanship, equipment or materials is or has become defective, Contractor shall, at its own cost and expense, promptly repair or replace such defective workmanship, equipment or materials in order to render the same to the same condition as warranted above. Any repairs to or replacements of such workmanship, equipment or materials required under this Section 5.2 must be approved by CRRA before Contractor may commence performance of such repairs or replacements, and all such repairs or replacements shall be performed by Contractor in accordance with all applicable Standards. In connection therewith Contractor shall obtain all warranties and guarantees for all material and equipment furnished hereunder by Contractor that are assignable to CRRA. ### **6.7 Other Conditions**

Contractor further agrees to take affirmative action to insure that applicants with job related qualifications are employed and that employees are treated when employed without regard to their race, color, religious creed, age, marital status, including civil union status, national origin, ancestry, sex, sexual orientation, mental retardation, or physical disability, including, but not limited to, blindness, unless it is shown by Contractor that such disability prevents performance of the Work involved;

## **8.5 No Waiver**

Failure to enforce any provision of this Agreement or to require at any time performance of any provision hereof shall not be construed to be a waiver of such provision, or to affect the validity of this Agreement or the right of any party to enforce each and every provision in accordance with the terms hereof. No waiver of any provision of this Agreement shall affect the right of CRRA or Contractor thereafter to enforce such provision or to exercise any right or

remedy available to it in the event of any other default involving such provision or any other provision. Making payment or performing pursuant to this Agreement during the existence of a dispute shall not be deemed to be and shall not constitute a waiver of any claims or defenses of the party so paying or performing.

## 1. SHREDDER LOCATION/PLANT OPERATION

The Waste Processing Facility (“WPF”) portion of the Connecticut Resources Recovery Authority (“CRRA”) Mid-Connecticut Resource Recovery Facility (“RRF”) is located at 300 Maxim Road, Gate 70, Hartford, Connecticut. The Mid-Connecticut RRF is a waste-to-energy plant. The WPF is operated by the Metropolitan District Commission (“MDC”) under contract to CRRA. The MDC shall designate a representative to work closely with CRRA and the Contractor throughout the duration of the Agreement (the “MDC Representative”). “Engineer” means the duly authorized agent of CRRA.

At the WPF, municipal solid waste (“MSW”) is fed onto a series of conveyors and from there the waste is processed by a series of process equipment, which size the material into a burnable product, removing recyclables and other unwanted material from the waste stream. The WPF has two processing lines that are identical to each other and that are designated by CRRA as processing line 1 and processing line 2. Along each processing line there are primary shredders. The primary shredders are flail mills which break the bags of MSW and prepare the material for the additional separation and final shredding. The primary shredders have the equipment number of CV-104 and CV-204.

The Contractor shall supply the engineering drawings, material, equipment and the labor to replace all steel casings and wear pieces for both primary shredders. This is to include, but not be limited to, replacement of the top cover, lower chute, bearing base, anvil plate and target plate as well as repair or replacement, as needed, of the structural steel around the shredder. The scope of work also requires rotor removal and reinstallation after all work has been completed.

## 2. SCOPE OF WORK

### 2.1 Engineering

The Contractor shall generate engineering drawings that will be used to fabricate the shredder parts. The Contractor shall use the drawings included as **Exhibit B** as a reference. The Contractor must field measure the primary shredder housings and generate its own drawings. The primary shredder room will be made available to the Contractor for making the field measurements Monday through Saturday only after processing is completed and all day Sunday. The Contractor shall notify the MDC at least one day in advance of when it intends to make the field measurements to obtain MDC’s approval for the visit. The CRRA and MDC reserve the right to change, modify or add to any of the drawings as appropriate to comply with the nature of the operation of the primary shredders.

The drawings shall include, but not be limited to, the following parts:

- Primary shredder hood upper section;
- Primary shredder lower section;
- Hood cylinder mounting flanges;

- Primary shredder bearing mounting base structure for the rotor;
- Location of anvil plate and structure support; and
- Location of target plate and structure support.

## 2.2 Fabrication

The Contractor shall be responsible for designing, constructing and the fabrication of the primary shredders at the WPF in accordance with all applicable codes, standards, regulations and applicable laws, including:

- American Welding Society (AWS);
- American Society for Testing And Material (ASTM);
- National Fire Protection Association (NFPA);
- Occupational Safety and Health Administration (OSHA);
- City of Hartford Codes and regulations; and
- All other applicable codes and regulations.

All new steel used in the fabrication shall meet the requirements of ASTM A-36 steel unless other wise noted. Structural bolts shall be ASTM A-325. Attachment bolts shall be grade 8 or higher.

The Contractor shall monitor the quality of incoming material, employee workmanship and the workmanship of subcontractors, and site conditions so as to produce work of the quality specified in this Exhibit A. Any work or products that are found by the CRRA or the MDC to be deficient shall be immediately removed or corrected.

The Contractor shall complete field fabrication of the housing parts of the primary shredders as specified in the drawings prepared pursuant to Section 2.1.

All steel erection done shall meet or exceed “Specification for Design, Fabrication and Erection of Structural Steel Buildings” of American Institute of Steel Construction, 1991 (or latest) edition.

## 2.3 Installation

This specification covers the removal of the existing primary shredders and the installation of new components. New component include the shredder upper cover, the lower housing, the hood liner plates, the side liner plates, the hydraulic hood cylinders, bearings bases, anvil and target plates. It is the Contractor responsibility as part of this contract to remove and reinstall the primary shredder rotors after completing the primary shredders installation.

It is the responsibility of the Contractor to install the rotor bearings and the drive belts and align the drive motor and rotor.

### 3. WORK TO BE PERFORMED

- (a) The Contractor will remove, modify and install material and components, and install new replacement parts for the primary shredders as per the drawings required by Section 2.1. The Contractor will insure that the primary shredders are in good running condition after all work is complete. All the steel will be provided by the Contractor. The following table specifies the material schedule.

- (b) The Contractor shall agree that all parts of the primary shredder system, which are not being replaced, have to be left as-is or reinstalled by the Contractor when the primary shredder replacement is completed.
- (c) The Contractor shall not proceed with the installation, until the inventory of all fabricated sections are completed and delivered to the site; any pre-assembly that is required shall be done prior to commencing the work.
- (d) Any material removed can be disposed of inside the WPF site metals container, but must be cut to fit properly in this container.
- (e) The Contractor shall comply with the time schedule and complete all required work on time. Any deviations by the Contractor will result in fines.

### 4. WORK BY OTHERS

- (a) The CRRA or MDC will perform work and supply material not included in this specification that may affect the installation.

- (b) The MDC or others will connect the safety and bearings protection devices.
- (c) The MDC will assist and guide the Contractor through the project to make sure that the project is executed in accordance with the schedule.

## **5. DRAWINGS**

The Contractor will be supplied with drawings showing the general structure of the primary shredders. The drawings supplied by CRRA may or may not have all dimensions that are required for the fabrication. Therefore, these drawing are for reference only. Exact dimensions must be field measured by the Contractor as specified in Section 2.1 of this document. The Contractor shall submit one electronic Auto CAD set of drawings and three sets of hard copy size A, stamped by a professional engineer licensed in Connecticut.

The reference drawings included in **Exhibit B** are provided with this specification and are to be considered as part of this specification.

## **6. ENGINEERING REQUIREMENTS**

### **6.1 General Performance Conditions**

These provisions shall apply to all fabricated and purchased assemblies supplied under this specification.

Any equipment supplied by the Contractor shall be the product of a manufacturer experienced in the design, fabrication and installation of equipment for the purpose required.

### **6.2 Installation – Method Of Replacement**

The Contractor shall decide the method of removal/replacement, review the proposed method with CRRA and MDC engineers and shall receive approval from the engineers for Contractor's desired method prior to the work commencement. The Contractor shall supply all tools, welding supplies and rigging equipment as required to complete the work. If the Contractor needs any conduits and/or sprinkler piping removed to do the work, he must specifically request this of the MDC five (5) days prior to commencement of the work. Any bracing, conduits, guarding or other obstructions that the Contractor requires removed in order to remove/install the floor plates will be performed by the Contractor, including reinstallation of those items. Any process equipment, piping, building structure or conduit damaged during this work must be repaired to a pre-existing condition. If during the removal/installation of the floor, an unforeseen problem occurs or the job cannot be finished within the allocated time, the MDC shall be notified immediately by the Contractor. The Project Engineer must approve any downtime occurring due to overage on installation time. If parts of the sidewall or the frame are

found to be deteriorated or excessively worn, the Contractor is expected to modify and replace any part that has excessive wear or corrosion to overcome these problems.

## 7. CHECKOUT, STARTUP AND INITIAL OPERATIONS

### 7.1 General

The Contractor shall render all services and do all work required to refurbish the primary shredders.

### 7.2 Operational Control And System Turnover

Prior to start up, The Contractor shall review the work with the Shift Supervisor and the MDC Project Engineer to insure that the primary shredder and other affected equipment are ready for start up and that all personnel, tools, fabrication material and other items that may affect operation have been cleared from the area.

Testing and checking of equipment will not limit or minimize in any way the Contractor's responsibility for the equipment or its operation or its long-term performance.

## 8. COMPLETION SCHEDULE

The Contractor shall comply with the following schedule:

Description	Total Time	Notes
Field measurement	1 week	Primary Shredder available for field measurements 12:00 a.m. to 7:00 a.m. Monday through Saturday and all day Sunday.
Drawings	3 weeks	Must be approved by CRRA and the MDC Engineer.
Fabrication	4 weeks	Must be delivered on site and stacked before the start of installation.
Installation	80 hours	Installation for each Primary Shredder must start on a Friday night at 2300 and must be completed by Tuesday morning at 0700.

The MDC will surrender ONE primary shredder at a time for this work. The MDC will surrender one of the primary shredders on a Friday at 11:00 p.m. and the Contractor must complete the work on the shredder by Tuesday at 7:00 a.m. The second primary shredder will be surrendered by MDC on a subsequent Friday at 11:00 p.m. and the Contractor must complete the work on the shredder within the same time frame as for the first primary shredder.

During the time allocated for the installation of the primary shredder assembly inside the shredder room, the MDC may choose to process MSW on the other processing line. Therefore the front door area of the running line will be off-limits for any use. The Contractor shall keep its tools, equipment and personnel out of the taped area.

## **9. WARRANTY**

The Contractor shall warrant the labor and any material supplied by the Contractor for a period of one year after CRRA and MDC acceptance of the work.

## **10. WORKING ON SITE**

Work areas are to be left clean at the end of each working day. Material that is to be stored on site will be stored in a location as specified by the MDC. The CRRA or MDC shall not take responsibility for any material or equipment left on site. The Contractor shall take all the necessary precautions to prevent damage to new and existing utilities, facilities and structures, and to prevent injury to personnel. The Contractor shall be responsible for all damage to utilities, structures and injuries to personnel resulting from its operations. The Contractor will be allowed to bring a portable office onto the site and place it in a suitable area approved by the MDC Project Engineer. The Contractor shall be responsible for providing all safety devices and or protection for all his employees or subcontractors while working at the facility.

### **10.1 Cleaning Of The Work Area**

Prior to start of work by the Contractor on a particular primary shredder, the MDC will clean that primary shredder by use of air wands. This cleaning will be completed prior to 12:00 p.m. All of the equipment and walkways associated with the subject shredder will be cleaned. The process line will be run clean before the shredder is turned over to the Contractor. Due to the nature of the facility, some residue will be left on the equipment and floor.

Any additional cleaning needed by the Contractor above and beyond normal daily cleaning (Contractor is to observe prior to starting of work), shall be the responsibility of the Contractor. The cleaning time will be included in the hours allowed for removal/installation.

### **10.2 Safety At The WPF**

In order to protect the safety and health of the Contractor's employees under this Agreement, the Contractor will comply with all pertinent provisions of the regulations of U.S. Department of Labor's Occupational Safety and Health Administration (CFR Chapter XVII parts 1910 and parts 1926 and the latest revisions and amendments).

The Contractor shall abide by the WPF lock out/tag out program and shall apply its lock-out locks to equipment that have been de-energized to perform the work under this Agreement. These locks shall be easily identified as the Contractor's lock-out locks.

Cutting and welding inside the plant will only be permitted when the Contractor has the approval of the MDC. A hot work permit will be issued and signed by both the Contractor and the MDC shift supervisor. In any case, the Contractor shall provide a person assigned solely to fire watch when welding or torching takes place in the WPF. The Contractor will be required to provide a tightly sealed firebreak between the work area and other conveyors. The Contractor shall also be responsible to protect any equipment that may be potentially damaged by cutting and welding sparks (i.e. motors, rubber belting etc.). The Contractor must be extremely careful when perform welding works near running conveyors due to a significant fire hazard.

The Contractor shall be responsible for the safety, efficiency and adequacy of its appliances and methods. Any and all damage that may result from the failure or improper construction, maintenance or operation shall be repaired or replaced at the Contractor's expense. Damage shall include personnel injuries and costs associated with limiting production.

The Contractor shall be responsible for the acts and omissions of its agents, employees and its subcontractors and their agents and employees. The Contractor shall hold the CRRA and MDC harmless and defend the CRRA and MDC against damages or claims for damages arising out of injuries to others or property of others that result from said acts or omissions. A brochure titled "Information for Contractors Working on Site" will be provided by the MDC and should be thoroughly reviewed by the Contractor. Also the Contractor will be responsible for meeting with the MDC and verifying all restricted areas by reviewing drawing #MGI13098-A3. While the Contractor is working on site, these restricted areas must not be entered during processing as operations can create potentially explosive environments. If a Contractor does enter these areas, processing will be immediately shut down. Any extensive down time caused by the Contractor will result in back charges.

If at any time, in the sole judgment of the CRRA or MDC, the work is not safe in regard to persons on or about the work, the CRRA or MDC shall have the right to order such safeguards to be erected. The CRRA or MDC shall not be responsible for the safety of any of the Contractor's employees or subcontractors at the WPF. The Contractor has the sole responsibility for the safety of its employees and following the operation and safety procedures of the WPF. If under such circumstances, the Contractor does not or can not immediately put the work and the safeguards into proper and approved conditions, the CRRA or MDC may put the work into such condition that it shall be, in the CRRA or MDC opinion, safe in all respects. The Contractor shall pay all costs and expenses incurred by the CRRA or MDC or owner in so doing. Such action of the CRRA or MDC or failure of the CRRA or MDC to take such action, shall in no way diminish the responsibility of the Contractor for any and all costs, expenses, losses, liability, claims, suits, proceedings, judgments, awards or damages resulting from the insufficiency of the safety precautions taken by it or by the Engineer acting under authority of this subsection.

Hard hats, steel toed shoes, pants, shirts and safety glasses must be worn while working on site at all times. All OSHA requirements will be abided by when working in the WPF (e.g., fall protection).

The CRRA and MDC hold the right to dismiss any of the Contractor's workers or subcontractors working at the WPF with proper justification. This is at the discretion of the CRRA or MDC.

Operating and Safety procedures for the WPF will be reviewed with the Contractor prior to work being performed at the WPF.

## TERMS AND CONDITIONS TO PERFORMANCE BOND

1. The Contractor and the Surety jointly and severally bind themselves, their heirs, executors, administrators, successors and assigns to the Owner for the performance of the foregoing Agreement, the terms of which are incorporated herein by reference. Any singular reference to the Contractor, the Surety, the Owner or any other party herein shall be considered plural where applicable.
2. If the Contractor performs the Agreement, the Surety and the Contractor shall have no obligation under this Bond, except to participate in conferences as provided in Subparagraph 3.1.
3. If there is no Owner Default (as hereinafter defined), the Surety's obligation under this Bond shall arise after:
  - 3.1 The Owner has notified the Contractor and the Surety at its address described in Paragraph 10 below, that the Owner is considering declaring a Contractor Default (as hereinafter defined) and has requested and attempted to arrange a conference with the Contractor and the Surety to be held not later than fifteen (15) days after the receipt of such notice to discuss methods of performing the Agreement. If the Owner, the Contractor and the Surety agree, the Contractor shall be allowed a reasonable time to perform the Agreement, but such an agreement shall not waive the Owner's right, if any, to subsequently declare a Contractor Default; and
  - 3.2 The Owner has declared a Contractor Default (as hereinafter defined) and formally terminated the Contractor's right to complete the Agreement. Such Contractor Default shall not be declared earlier than twenty (20) days after the Contractor and the Surety have received notice as provided in Subparagraph 3.1.
  - 3.3 The Owner has agreed to pay the Balance of the Agreement Price to the Surety in accordance with the terms of the Agreement or to a contractor selected to perform the Agreement in accordance with the terms of the agreement with the Owner.
4. When the Owner has satisfied the conditions of Paragraph 3, the Surety shall promptly and at the Surety's expense take one of the following actions:
  - 4.1 Arrange for the Contractor, with the consent of the Owner, to perform and complete the Agreement; or
  - 4.2 Undertake to perform and complete the Agreement itself, through its agents or through independent contractors; or
  - 4.3 Obtain bids or negotiated proposals from qualified contractors acceptable to the Owner for a contract for performance and completion of the Agreement, arrange for a contract to be prepared for execution by the Owner and the contractor selected with the Owner's concurrence, to be secured with a performance bond executed by a qualified surety equivalent to the bond issued on the Agreement, and pay to the Owner the amount of damages described in Paragraph 6; or
  - 4.4 Waive its right to perform and complete, arrange for completion or obtain a new contractor and with reasonable promptness under the circumstances:
    - 4.4.1 After investigation, determine the amount for which it may be liable to the Owner and, as soon as practicable after the amount is determined, tender payment therefor to the Owner; or
    - 4.4.2 Deny liability in whole or in part and notify the Owner citing reasons therefor.
5. If the Surety does not proceed as provided in Paragraph 4 with reasonable promptness, the Surety shall be deemed to be in default on this Bond fifteen (15) days after receipt of an additional written notice from the Owner to the Surety demanding that the Surety perform its obligations under this Bond, and the Owner shall be entitled to enforce any remedy available to the Owner. If the Surety proceeds as provided in Subparagraph 4.4 and the Owner refuses the payment tendered or the Surety has denied liability, in whole or in part, without further notice the Owner shall be entitled to enforce any remedy available to the Owner.
6. After the Owner has terminated the Contractor's right to complete the Agreement, and if the Surety elects to act under Subparagraph 4.1, 4.2 or 4.3 above, then the responsibilities of the Surety to the Owner shall not be greater than those of the Contractor under the Agreement, and the responsibilities of the Owner to the Surety shall not be greater than those of the Owner under the Agreement. 8. The Surety hereby waives notice of any change, including changes of time, to the Agreement or to related subcontracts, purchase orders and other obligations.
9. Any proceeding, legal or equitable, under this Bond may be instituted in any court of competent jurisdiction in the location in which the work or part of the work is located and shall be instituted within two (2) years after Contractor Default or within two (2) years after the Contractor ceased working or within two (2) years after the Surety refuses or fails to perform its obligations under this Bond, whichever occurs first. of this Paragraph are void or prohibited by law, the minimum period of limitation available to sureties as a defense in the jurisdiction of the suit shall be applicable.

10. Notice to the Surety, the Owner or the Contractor shall be mailed or delivered to the address shown on the signature page of this Bond.
11. When this Bond has been furnished to comply with a statutory or other legal requirement in the location where the Agreement was to be performed, any provision in this Bond conflicting with said statutory or legal requirement shall be deemed deleted here from and provisions confirming to such statutory or other legal requirement shall be deemed incorporated herein. ## Notice

### **To All Mason Contractors and Interested Parties Regarding Construction Pursuant to Section 31-53 of the Connecticut General Statutes (Prevailing Wage)**

The Connecticut Labor Department Wage and Workplace Standards Division is empowered to enforce the prevailing wage rates on projects covered by the above referenced statute.

Over the past few years the Division has withheld enforcement of the rate in effect for workers who operate a forklift on a prevailing wage rate project due to a potential jurisdictional dispute.

The rate listed in the schedules and in our Occupational Bulletin (see enclosed) has been as follows:

#### **Forklift Operator:**

- **Laborers (Group 4) Mason Tenders** - operates forklift solely to assist a mason to a maximum height of nine feet only.

- **Power Equipment Operator (Group 9)** - operates forklift to assist any trade and to assist a mason to a height over nine feet.

The U.S. Labor Department conducted a survey of rates in Connecticut but it has not been published and the rate in effect remains as outlined in the above Occupational Bulletin.

*Since this is a classification matter and not one of jurisdiction, effective January 1, 2007 the Connecticut Labor Department will enforce the rate on each schedule in accordance with our statutory authority.*

Your cooperation in filing appropriate and accurate certified payrolls is appreciated.

## Informational Bulletin

### *Occupational Classifications*

The Connecticut Department of Labor has the responsibility to properly determine "job classification" on prevailing wage projects covered under C.G.S. Section 31-53.

*✓Note: This information is intended to provide a sample of some occupational classifications for guidance purposes only. It is not an all-inclusive list of each occupation's duties. This list is being provided only to highlight some areas where a contractor may be unclear regarding the proper classification.*

On any construction project, an assortment of workers are needed to carry out all of the required tasks. Employees include various skilled crafts people, machine operators, general laborers, and apprentices. Prevailing wage rate schedules identify the classes of workers likely to be employed on each of the four types of construction projects. (If a contractor wants to use a class of worker not listed in a wage determination, there is a process for requesting the U.S. Department of Labor to establish a prevailing wage rate for that additional classification). (Contact U.S. Department of Labor at 202.693.0062 or 215.861.5800)

A registered apprentice is not a separate prevailing wage job classification. Apprentices are paid a percentage of the base rate received by the craft that they are training to become and the full fringe rate. This percentage increases in steps, as the apprentice advances through the stages of the apprenticeship process.

 Any questions regarding the proper classification should be directed to the Contract Compliance Unit, Wage and Workplace Standards Division, Connecticut Department of Labor, 200 Folly Brook Blvd, Wethersfield, CT 06109 at 860.263.6543.

Below are additional clarifications of specific job duties performed for certain classifications:

⇒ ASBESTOS WORKERS/INSULATORS:

- ▶ Handle, install, apply, fabricate, distribute, prepare, alter, repair, or dismantle heat and frost insulation, including penetration and fire stopping work on all penetration fire stop systems.

⇒ BOILERMAKERS:

- ▶ Erects hydro plants, incomplete vessels, steel stacks, storage tanks for water, fuel, etc. Builds incomplete boilers, repairs heat exchanges and steam generators.

⇒ BRICKLAYERS, CEMENT MASONS, CEMENT FINISHERS, MARBLE MASONS, PLASTERERS, STONE MASONS, PLASTERERS, STONE MASONS, TERRAZZO WORKERS, TILE SETTERS:

- ▶ Lays building materials such as brick, structural tile and concrete cinder, glass, gypsum, terra cotta block. Cuts, tools and sets marble, sets stone, finishes concrete, applies decorative steel, aluminum and plastic tile, applies cements, sand, pigment and marble chips to floors, stairways, etc.

⇒ CARPENTERS, MILLWRIGHTS, PILEDRIVERMEN, LATHERS, RESILIENT FLOOR LAYERS, DOCK BUILDERS, DIVERS, DIVER TENDERS:

- ▶ Constructs, erects, installs and repairs structures and fixtures of wood, plywood and wallboard. Installs, assembles, dismantles, moves industrial machinery. Drives piling into ground to provide foundations for structures such as buildings and bridges, retaining walls for earth embankments, such as cofferdams. Fastens wooden, metal or rockboard lath to walls, ceilings and partitions of buildings, acoustical tile layer, concrete form builder. Applies firestopping materials on fire resistive joint systems only. Installation of curtain/window walls only where attached to wood or metal studs.
- ▶ Assembly and installation of modular furniture/furniture systems.  
[New] a. Free-standing furniture is not covered. This includes: student chairs, study top desks, book box desks, computer furniture, dictionary stand, atlas stand, wood shelving, two- position information access station, file cabinets, storage cabinets, tables, etc.

⇒ CLEANING LABORER:

- ▶ The clean up of any construction debris and the general cleaning, including sweeping, wash down, mopping, wiping of the construction facility, washing, polishing, dusting, etc., prior to the issuance of a certificate of occupancy falls under the *Labor classification*.

☞ continued

⇒DELIVERY PERSONNEL:

- ▶ If delivery of supplies/building materials is to one common point and stockpiled there, prevailing wages are not required. If the delivery personnel are involved in the distribution of the material to multiple locations within the construction site then they would have to be paid prevailing wages for the type of work performed: laborer, equipment operator, electrician, ironworker, plumber, etc.
- ▶ An example of this would be where delivery of drywall is made to a building and the delivery personnel distribute the drywall from one "stockpile" location to further sub-locations on each floor. Distribution of material around a construction site is the job of a laborer/tradesman and not a delivery personnel.

⇒ELECTRICIANS:

- ▶ Install, erect, maintenance, alteration or repair of any wire, cable, conduit, etc., which generates, transforms, transmits or uses electrical energy for light, heat, power or other purposes. **\*License required per Connecticut General Statutes: E-1,2 L-5,6 C-5,6 T-1,2 L-1,2 V-1,2,7,8,9.**

⇒ELEVATOR CONSTRUCTORS:

- ▶ Power Equipment Operator Group 9 - operates forklift to assist any trade, and to assist a mason to a height over nine (9) feet.

⇒GLAZIERS:

- ▶ Installs light metal sash, head sills, and 2-story aluminum storefronts.

⇒IRONWORKERS:

- ▶ Handling, sorting, and installation of reinforcing steel (rebar).
- ▶ Installation of aluminum window walls and curtain walls.
- ▶ Metal bridge rail (traffic), metal bridge handrail, and decorative security fence installation.

⇒INSULATOR:

- ▶ Installing fire stopping systems/materials for "Penetration Firestop Systems": transit to cables, electrical conduits, insulated pipes, sprinkler pipe penetrations, ductwork behind radiation, electrical cable trays, fire rated pipe penetrations, natural polypropylene, HVAC ducts, plumbing bare metal, telephone and communication wires, and boiler room ceilings. Past practice using the applicable licensed trades, Plumber, Sheet Metal, Sprinkler Fitter, and Electrician, is not inconsistent with the Insulator classification and would be permitted.

⇒LEAD PAINT REMOVAL:

- ▶ Painter Rate -
  - 1) Removal of lead paint from bridges.
  - 2) Removal of lead paint as preparation of any surface to be repainted.
  - 3) Where removal is on a *Demolition* project prior to reconstruction.
- ▶ Laborer Rate-
  - 1) Removal of lead paint from any surface *NOT* to be repainted.
  - 2) Where removal is on a *TOTAL* Demolition project only.

⇒LABORERS:

- ▶ Acetylene burners, asphalt rakers, chain saw operators, concrete and power buggy operator, concrete saw operator, fence and guard rail erector, hand operated concrete vibrator operator, mason tenders, pipelayers (installation of water, storm drainage or sewage lines outside of the building line with P6, P7 license), pneumatic drill operator, pneumatic gas and electric drill operator, powermen and wagon drill operator, air track operator, block paver, curb setters, blasters, concrete spreaders.

⇒PAINTERS:

⇒PLUMBERS AND PIPEFITTERS:

- ▶ Installation, repair, replacement, alteration or maintenance of all plumbing, heating, cooling and piping. **\*License required per Connecticut General Statutes: P-1,2,6,7,8,9 J-1,2,3,4 SP-1,2. S-1,2,3,4,5,6,7,8 B-1,2,3,4 D-1,2,3,4.**

⇒POWER EQUIPMENT OPERATORS:

- ▶ Operates several types of power construction equipment such as compressors, pumps, hoists, derricks, cranes, shovels, tractors, scrapers or motor graders, etc. Repairs and maintains equipment. **\*License required, crane operators only, per Connecticut General Statutes.**

☞ continued

⇒ROOFERS:

- ▶ Preparation of surface, tear-off and/or removal of any type of roofing, and/or clean-up of any areas where a roof is to be relaid.

⇒SHEET METAL WORKER:

Fabrication, handling, assembling, erecting, altering, repairing, etc. of architectural metal roof, standing seam roof, composite metal roof, metal and composite bathroom/toilet partitions, aluminum gutters, metal and composite lockers and shelving, kitchen equipment, and walk-in coolers.

⇒SPRINKLER FITTERS:

⇒TILE, MARBLE AND TERRAZZO FINISHERS:

Assists and tends the tile setter, marble mason and terrazzo worker in the performance of their duties.

⇒TRUCK DRIVERS:

- ▶ Truck Drivers delivering asphalt are covered under prevailing wage while on the site and directly involved in the paving operation.
- ▶ Material men and deliverymen are not covered under prevailing wage as long as they are not directly involved in the construction process. If, they unload the material, they would then be covered by prevailing wage for the classification they are performing work in: laborer, equipment operator, etc.
- ▶ Hauling material off site is not covered provided they are not dumping it at a location outlined above.
- ▶ Driving a truck on site and moving equipment or materials on site would be considered covered work, as this is part of the construction process.
