This Addendum includes the following components:

- PART 1 Pre-Bid Meeting Notes
- PART 2 Clarifications/Additions to the Contract Documents-Drawings
- PART 3 Attachments
 Pre-Bid Meeting Attendance Sign-in Sheet

PART 1 Pre-Bid Meeting Notes

This part of the Addendum summarizes the discussion of the Pre-Bid meeting held at the Stratford IPC Children's Garbage Museum on August 27, 2007. Most of the items discussed by CRRA staff are already defined within the RFB Document. The clarifications presented by CRRA or its Agents provide further details or address items not specifically found in the RFB Document.

The following questions (Q) were asked during the meeting, and are discussed with written response (R) and commentary presented as follows:

Q1: Is there a recommended SEER rating for the proposed unit?

R1: The RFB calls out for the specific unit to be installed.

PART 2 Clarifications/Additions to the RFB Document

C1: Page 15732-6, Section 2.9, Item A3 is revised to read "*Capable of introducing up to 20% outdoor air for minimum ventilation as well as 100% for free cooling*".

C2: The Economizer shall be controlled by differential enthalpy to aid in building humidity control during economizer operation.

C3: Project Schedule- there was a general discussion on project schedule, CRRA reiterated that the schedule for the project is 75 days.

C4: Novar Controls- CRRA reminded the bidders that only Novar certified vendors can bid on the control portion of the project as indicated in Section 5 of the Bid Form.

C5: Electrical Disconnect Switch for RTU 2 is to be new. Remove existing Disconnect Switch and replace with like size and kind.

C6: CRRA reminded bidders that scheduling of the crane is required to be coordinated with the facilities manager so as to not interfere with the daily operations of the facility.

C7: Selected bidder will be responsible for providing and submitting all required forms for any and all rebate programs available from UI and State and Federal Agencies.
