METALS RECOVERY AND MARKETING SERVICES MID-CONNECTICUT RESOURCES RECOVERY FACILITY

1.0 SERVICE SUMMARY

Pursuant to this Request for Proposals (the "RFP"), the Connecticut Resources Recovery Authority (the "CRRA") seeks, from interested companies (the "Proposer"), an "all in" price per ton cost proposal for the transportation, processing and marketing of approximately 26,000 tons per Operating Year of Ferrous Metals and approximately 60 tons per Operating Year of Scrap Metals generated at the Mid-Connecticut Resources Recovery Facility located at 300 Maxim Road, Gate 70, Hartford, Connecticut (the "Facility") and the Hartford Landfill located at 180 Leibert Road, Hartford, Connecticut. More specifically the selected Contractor shall:

- be solely responsible for the cost and expense of providing all vehicles (own, lease or otherwise provide), personnel, labor, equipment, tools, materials, fuel, maintenance and repairs and any other items necessary to perform the transportation, marketing and disposal services consistent with the physical layout of the Facility and the Hartford Landfill;
- guarantee trailer availability and provide a sufficient number of empty transport trailers, 100 cubic yards each in size, at a location on the Facility property to receive Ferrous Metal from the metals load-out conveyor system. Contractor shall need stationed and available, on the Facility site, seven (7) trailers per day, Monday through Saturday;
- on those occasions when waste processing is performed on Sundays due to high waste deliveries and inventories, Contractor shall have on site sufficient additional trailers needed to accept the Ferrous Metal that results from a Sunday's processing;
- remove Scrap Metals from the Landfill on an on-call, as needed basis. CRRA's Landfill operator will call the Contractor to schedule a pick-up when a full load of Scrap Metal has been accumulated at the Landfill. Scrap Metal includes white goods such as refrigerators, stoves and other major appliances and small appliances such as air conditioners, etc.; and
- remove, properly containerize and dispose of capacitors, CFCs or HCFCs taken from appliances and removed from the Landfill property.

2.0 PRICING

Proposer shall submit an "all in" per ton price based on Proposer providing all of the labor, equipment, insurance, performance security, maintenance, fuel and all other labor, materials, parts and other items needed to perform the Services. Proposer shall also submit a price on a per unit basis for the removal and proper disposal of capacitors, CFCs or HCFCs from appliances

removed from the Hartford Landfill. CRRA fully expects that pricing proposals will include a revenue sharing component.

3.0 TERM

Services for Ferrous Metals removed from the WPF shall cover the period commencing on October 1, 2007 through June 30, 2010, and the term for the removal of Scrap Metals received at the Hartford Landfill will be October 1, 2007 through March 31, 2008.

Please note that the Hartford Landfill will be closed to the acceptance of any additional waste materials on December 31, 2008. CRRA is setting a term of March 31, 2008 for Services at the Hartford Landfill in order to have the ability to perform remaining metals clean up and removal activities following the official closure of the Landfill.

4.0 GENERAL PROJECT DESCRIPTION

4.1 Connecticut Resources Recovery Authority

CRRA is a quasi-public entity, a body politic and corporate, created pursuant to C.G.S. Chapter 446e, Section 22a-261, as a public instrumentality and political subdivision of the State of Connecticut (the "State"). CRRA has the responsibility for implementing solid waste disposal and recycling programs throughout the State in accordance with the State Solid Waste Management Plan, and is authorized to issue and sell bonds and notes to accomplish this purpose and to enter into contractual arrangements with the private sector where such arrangements will best accomplish CRRA's purposes. CRRA oversees a statewide network of four resources recovery facilities, two recycling and education centers, eleven transfer stations, and five landfills.

2.1 Mid-Connecticut Resources Recovery Facility

One of the four resources recovery facilities CRRA oversees is the Mid-Connecticut Resources Recovery Facility (the "Facility"). The Facility is permitted to process approximately 890,000 tons of Acceptable Waste per year and serves the waste disposal needs of approximately seventy (70) municipalities and numerous businesses. The Facility is comprised of a waste processing facility (the "WPF") and a power block facility (the "PBF"). Additional facilities supporting the Facility include four (4) transfer stations (located in Ellington, Essex, Torrington and Watertown), a regional recycling center and the Hartford Landfill.

The WPF is located at 300 Maxim Road, Gate 70, Hartford, Connecticut and the PBF is located on Reserve Road, Gate 20, Hartford, Connecticut ("PBF"). The WPF processes municipal solid waste ("MSW") into refuse-derived fuel ("RDF") which is then transported by conveyors to the PBF where the fuel is burned in order to produce steam for the production of electricity. Ferrous Metals are removed from the MSW during the shredding and screening process and is a mixture of Ferrous Metals entrained with MSW.

Based on operating history, the WPF generates approximately 24,000 to 26,000 tons of Ferrous Metals each Operating Year depending upon the volume of waste processed.

The WPF Operator is responsible for positioning the Contractor provided 100 cubic yard trailers beneath the Ferrous Metals load-out conveyor for acceptance of the Ferrous Metal. The WPF Operator monitors the loading of each trailer, and when filled, weighs them at the Facility's certified scales and then stages the weighed containers in the yard to await transport by the Contractor to its processing facility. Contractor shall be required to have available a minimum of seven (7) 100 cubic yard trailers staged on site to accept the Ferrous Metals

Scrap Metals are comprised of both ferrous and non-ferrous metals received at the Hartford Landfill. Based on past operating history, the Hartford Landfill receives 60 to 70 tons of Scrap Metals per Fiscal Year.

Presented in the following Tables is a history of the Ferrous Metals and Scrape Metals transported out of the Facility and Hartford Landfill for the past two fiscal years.

Should Contractor fail to obtain, maintain or renew any of the insurance required by this Section 5, or to pay the premium therefor, then and in any of said events CRRA may, at its option, but without obligation to do so, upon ten (10) business days prior notice to Contractor of CRRA's intention to do so, procure such insurance, and the amounts paid shall be deducted from any Service Fees due to Contractor hereunder.

15. **GOVERNING LAW**

This Agreement shall be governed by, and construed, interpreted and enforced in accordance with the laws of the State of Connecticut as such laws are applied to contracts between Connecticut residents entered into and to be performed entirely in Connecticut; provided, however, that in the event of a conflict between the laws of the State of Connecticut and a permit issued by any federal, state or local governmental authority, the terms of such permit shall control.

16. **AGENT FOR SERVICE**

Agent shall not have any power or authority to enter any appearance or to file any pleadings in connection with any suit, action or other legal proceeding.

17. **SEVERABILITY**

In the event that any provision of this Agreement shall for any reason be determined to be invalid, illegal, or unenforceable in any respect, the parties hereto shall attempt to agree to such amendments, modifications or supplements of or to this Agreement or such other appropriate actions as shall, to the maximum extent practicable in light of such determination, implement and give effect to the intentions of the parties as reflected herein, and the other provisions of this Agreement shall, as so amended, modified or supplemented, or otherwise affected by such action, remain in full force and effect.

This Agreement may not be amended, modified, or supplemented except by a writing signed by the parties hereto that specifically refers to this Agreement. Any oral representations or letters by the parties or accommodations shall not create a pattern or practice or course of

dealing contrary to the written terms of this agreement unless this Agreement is formally amended, modified, or supplemented.

19. **ENTIRETY**

This Agreement supersedes all prior representations, negotiations and verbal or written communications by and between the parties hereto relating to the subject matter hereof and constitutes the entire agreement among the parties hereto in respect thereof.

20. **COUNTERPARTS**

This Agreement may be executed in any number of counterparts by the parties hereto. Each such counterpart so executed shall be deemed to be an original and all such executed counterparts shall constitute but one and the same instrument.

21. **CONTRACTS WITH THIRD PARTIES**

Contractor shall provide CRRA with copies of any agreements, and any modifications or revisions to any agreement, promptly upon the execution thereof (or upon the execution of this Agreement, if applicable) that Contractor has with a third party for the transportation of Ferrous Metals and/or Scrap Metals pursuant to this Agreement.

22. **NON-DISCRIMINATION**

Contractor agrees to the following: (1) Contractor agrees and warrants that in the performance of any services for CRRA hereunder Contractor will not discriminate or permit discrimination against any person or group of persons on the grounds of race, color, religious creed, age, marital status, national origin, ancestry, sex, sexual orientation, mental retardation or physical disability, including, but not limited to, blindness, unless it is shown by Contractor that such disability prevents performance of the services involved, in any manner prohibited by the laws of the United States or of the State of Connecticut. Contractor further agrees to take affirmative action to insure that applicants with job related qualifications are employed and that employees are treated when employed without regard to their race, color, religious creed, age, marital status, national origin, ancestry, sex, sexual orientation, mental retardation, or physical disability, including, but not limited to, blindness, unless it is shown by Contractor that such disability prevents performance of the services involved; (2) Contractor agrees, in all solicitations or advertisements for employees placed by or on behalf of Contractor, to state that it is an "affirmative action-equal opportunity employer" in accordance with regulations adopted by the Connecticut Commission on Human Rights and Opportunities (the "Commission"); (3) Contractor agrees to provide each labor union or representative of workers with which Contractor has a collective bargaining agreement or other contract or understanding and each vendor with which Contractor has a contract or understanding, a notice to be provided by the Commission, advising the labor union, workers'

If this Agreement is a public works contract, Contractor agrees and warrants that it will make good faith efforts to employ minority business enterprises as subcontractors and suppliers of materials in such public works project.

23. **CONTRACTOR'S EMPLOYEES**

All persons employed by Contractor shall be solely subject to the direction of and responsible to Contractor and shall not be deemed to be employees of CRRA or Operator.

24. **MECHANIC'S LIENS**

Contractor shall claim no interest in the Facility, the Facility Property, the Landfill, the Landfill Property, or any equipment, fixtures, materials or improvements of CRRA located or to be located thereon, and Contractor shall not file any mechanic's liens or other liens or security interests against CRRA or any of its properties, including but not limited to the Facility Property and the Landfill Property. Contractor shall defend, indemnify and hold harmless CRRA against all costs associated with the filing of such liens or security interests by Contractor or its subcontractors or materialmen. Before any subcontractor or materialman of Contractor commences any Services hereunder, Contractor shall deliver to CRRA an original waiver of mechanic's liens properly executed by such subcontractor or materialman. If any mechanic's lien is filed against CRRA or any of its properties in connection with the Services hereunder, Contractor shall cause the same to be canceled and discharged of record within fifteen (15) days after the filing of such lien and, if Contractor fails to do so, CRRA may, at its option and without any obligation to do so, make any payment necessary to obtain such cancellation or discharge and the cost thereof, at CRRA's election, shall be either deducted from any payment due to Contractor hereunder or reimbursed to CRRA promptly upon demand by CRRA to Contractor.

25. **ADVERSE PARTIES**

CRRA and Contractor desire that no person or entity with which CRRA has had an adverse business relationship and no corporation or other business entity directly or

indirectly controlling or controlled by or under direct or indirect common control with such persons or entity (any of the foregoing persons, corporations or entities is hereinafter referred to as an "Adverse Party"), have any direct or indirect financial or ownership interest in or managerial influence over Contractor or any of its affiliates or on Contractor's performance under this Agreement. If any individual or entity seeks to participate as an owner or in the performance of Contractor's obligations under this Agreement or to participate in any way in any future project or venture with Contractor or any of its affiliates, Contractor shall notify CRRA of Contractor's intent to enter into such relationship. Contractor shall not enter into such relationship if CRRA disapproves of such relationship because the proposed individual or entity is an Adverse Party. CRRA shall notify Contractor of its disapproval, if at all, no later than fifteen (15) days after CRRA's receipt of notice from Contractor of its intent to enter into such relationship. Any failure by Contractor to comply with the terms of this Section 25 shall constitute a default by Contractor under this Agreement.

26. **WITHHOLDING TAXES AND OTHER PAYMENTS**

No FICA (social security) payroll tax, state or federal income tax, federal unemployment tax or insurance payments, state disability tax or insurance payments or state unemployment tax or insurance payments shall be paid or deposited by CRRA with respect to Contractor, nor be withheld from payment to Contractor by CRRA. 27. **SALES AND USE TAXES**

Contractor agrees that, pursuant to *Connecticut General Statutes* § 22a-270 (as the same may be amended or superceded from time to time) CRRA is exempt from all State of Connecticut taxes and assessments. Without limiting the generality of the preceding sentence, Contractor also agrees that, pursuant to *Connecticut General Statutes* § 12-412(92) (as the same may be amended or superceded from time to time), "[t]he sales and use of any services or tangible personal property to be incorporated into or used or otherwise consumed in the operation of any project of [CRRA] . . . whether such purchases are made directly by [CRRA] or are reimbursed by [CRRA] to the lessee or operator of such project" is not subject to Connecticut Sales and Use Taxes. Accordingly, Contractor shall not charge CRRA any State of Connecticut taxes or assessments at any time in connection with Contractor's performance of this Agreement, nor shall Contractor include any State of Connecticut taxes or assessments in any rates, costs, prices or other

charges to CRRA hereunder. The obligations of Contractor contained in the preceding sentence are absolute and shall apply notwithstanding any payment by Contractor of any State of Connecticut taxes or assessments in connection with its performance of this Agreement. Contractor represents and warrants that no State of Connecticut taxes or assessments were included in any rates, costs, prices or other charges presented to CRRA in any RFB or other submittal or proposal to CRRA in connection with this Agreement.

TERMS AND CONDITIONS

1. The Contractor and the Surety jointly and severally bind themselves, their heirs, executors, administrators, successors and assigns to the Owner for the performance of the Agreement For Process Residue And Non-Processible Waste Transportation Services (the "Agreement"), the terms of which are incorporated herein by reference. Any singular reference to the Contractor, the Surety, the Owner or any other party herein shall be considered plural where applicable.
2. If the Contractor performs the Agreement, the Surety and the Contractor shall have no obligation under this Bond, except to participate in conferences as provided in Subparagraph 3.1.

3. If there is no Owner Default (as hereinafter defined), the Surety's obligation under this Bond shall arise after:
 - 3.1. The Owner has notified the Contractor and the Surety at its address described in Paragraph 10 below, that the Owner is considering declaring a Contractor Default (as hereinafter defined) and has requested and attempted to arrange a conference with the Contractor and the Surety to be held not later than fifteen (15) days after the receipt of such notice to discuss methods of performing the Agreement. If the Owner, the Contractor and the Surety agree, the Contractor shall be allowed a reasonable time to perform the Agreement, but such an agreement shall not waive the Owner's right, if any, to subsequently declare a Contractor Default; and
 - 3.2. The Owner has declared a Contractor Default (as hereinafter defined) and formally terminated the Contractor's right to complete the Agreement. Such Contractor Default shall not be declared earlier than twenty (20) days after the Contractor and the Surety have received notice as provided in Subparagraph 3.1.
4. When the Owner has satisfied the conditions of Paragraph 3, the Surety shall promptly and at the Surety's expense take one of the following actions:
 - 4.1. Arrange for the Contractor, with the consent of the Owner, to perform and complete the Agreement; or

 - 4.4. Waive its right to perform and complete, arrange for completion or obtain a new contractor and with reasonable promptness under the circumstances:
 - 4.4.1. After investigation, determine the amount for which it may be liable to the Owner and, as soon as practicable after the amount is determined, tender payment therefor to the Owner; or

4.4.2. Deny liability in whole or in part and notify the Owner citing reasons therefor.

5. If the Surety does not proceed as provided in Paragraph 4 with reasonable promptness, the Surety shall be deemed to be in default on this Bond fifteen (15) days after receipt of an additional written notice from the Owner to the Surety demanding that the Surety perform its obligations under this Bond, and the Owner shall be entitled to enforce any remedy available to the Owner. If the Surety proceeds as provided in Subparagraph 4.4 and the Owner refuses the payment tendered or the Surety has denied liability, in whole or in part, without further notice the Owner shall be entitled to enforce any remedy available to the Owner.
6. After the Owner has terminated the Contractor's right to complete the Agreement, and if the Surety elects to act under Subparagraph 4.1, 4.2 or 4.3 above, then the responsibilities of the Surety to the Owner shall not be greater than those of the Contractor under the Agreement, and the responsibilities of the Owner to the Surety shall not be greater than those of the Owner under the Agreement. To the limit of the amount of this Bond, the Surety is obligated without duplication for:
 - 6.1. The responsibilities of the Contractor for correction of defective work and completion of the Agreement;
 - 6.2. Additional legal and delay costs resulting from the Contractor's Default and resulting from the actions or failure to act of the Surety under Paragraph 4; and
 - 6.3. Liquidated damages, or if no liquidated damages are specified in the Agreement, actual damages caused by delayed performance or non-performance of the Contractor.
7. The Surety shall not be liable to the Owner or others for obligations of the Contractor that are unrelated to the Agreement. No right of action shall accrue on this Bond to any person or entity other than the Owner or its successors and assigns.
8. The Surety hereby waives notice of any change, including changes of time, to the Agreement or to related subcontracts, purchase orders and other obligations.
9. Any proceeding, legal or equitable, under this Bond may be instituted in any court of competent jurisdiction in the location in which the work or part of the work is located and shall be instituted within two (2) years after Contractor Default or within two (2) years after the Contractor ceased working or within two (2) years after the Surety refuses or fails to perform its obligations under this Bond, whichever occurs first. If the provisions of this Paragraph are void or prohibited by law, the minimum period of limitation available to sureties as a defense in the jurisdiction of the suit shall be applicable.
10. Notice to the Surety, the Owner or the Contractor shall be mailed or delivered to the address shown on the signature page of this Bond.

11. (6) Neither the nature of the Guarantor or any subsidiary of the Guarantor or of any of their respective businesses or property, nor any relationship between the Guarantor or any subsidiary and any other person, nor any circumstance in connection with the execution or delivery of the Agreement, is such as to require the consent, approval, or authorization of or filing, registration, or qualification with any governmental authority on the part of the Guarantor or any subsidiary, as a condition of the execution and delivery of the Agreement or any agreement or document contemplated thereby or the performance thereof.

(7) The Guarantor is familiar with the terms of the Agreement and consents to the terms thereof.

ARTICLE II GUARANTY

Section 2.1 Agreement to Perform and Observe Obligations of Company under the Agreement. The Guarantor hereby unconditionally and irrevocably guarantees to the Authority the full and prompt performance and observance of each and all of the covenants and agreements required to be performed and observed by the Company, including any obligation to pay damages, under the Agreement, including all amendments and supplements thereto.

Section 2.2 Guaranty Absolute and Unconditional. It is understood and agreed that all or any part of the right, title and interest for the Authority in and to this Guaranty may be assigned by the Authority to a trustee. The Guarantor consents to any such assignment and the Guarantor further agrees that the trustee, acting under the aforesaid assignment and in accordance with this

APPENDIX B

Policy Guidelines for Accepting Residue from Recycling Facilities

Authority Projects will accept residue from recycling facilities, as defined in (CGS 22a-207); that meet all of the following conditions:

The Recycling Facility must possess a valid DEP Permit to Operate a Recycling Facility. A DEP permitted Solid Waste Facility (other than Recycling Facility), which provides for recycling in its approved Plan of Operations may also be deemed eligible by CRRA project staff for this purpose. Operators must provide CRRA with a copy of the DEP Permit to Operate. CRRA will determine if haulers comply with eligibility criteria before acceptance of residue.

Residue will only be accepted in direct proportion to the solid waste received and processed by the Recycling Facility from Project participating municipalities, (i.e.) if a facility accepts 100 tons of solid waste and 10 tons of this if from project municipalities, CRRA will accept 10% of the total recycling residue.

A listing by municipality of the amount of solid waste received, the total amount of residue generated, the amount of residue apportioned to each municipality, the method used to calculate the amount apportioned to each municipality, and the location at which all residue was disposed shall be submitted to CRRA with each payment for the period covered by the payment.

Prior to delivering any residue to any of the facilities, Hauler and all the Authorized Companies shall obtain all permits that are required by the Procedures, and shall comply with all other pre-delivery requirements set forth therein and-in the applications (including instructions) for such permits. Hauler and such authorized company shall comply at all times with the Procedures, including any amendments made by CRRA thereto from time to time.

All vehicles delivering residue must possess a current, valid Authority permit, including but not limited to the necessary payment guarantees, proof of insurance and indemnification agreements.

CRRA projects from time to time may allow the receipt and disposal of processible non-project residue on a spot basis.

CRRA reserves the right to inspect any facility, including records of solid waste and residue, from which residue disposal is requested and/or received.

Contributions or solicitations of contributions made in violation of the above prohibitions may result in the following civil and criminal penalties:

Civil penalties—\$2000 or twice the amount of the prohibited contribution, whichever is greater, against a principal or a contractor. Any state contractor or prospective state contractor which fails to make reasonable efforts to comply with the provisions requiring notice to its principals of these prohibitions and the possible consequences of their violations may also be subject to civil penalties of \$2000 or twice the amount of the prohibited contributions made by their principals.

Criminal penalties—Any knowing and willful violation of the prohibition is a Class D felony, which may subject the violator to imprisonment of not more than 5 years, or \$5000 in fines, or both.

Contract Consequences

Contributions made or solicited in violation of the above prohibitions may result, in the case of a state contractor, in the contract being voided.

Contributions made or solicited in violation of the above prohibitions, in the case of a prospective state contractor, shall result in the contract described in the state contract solicitation not being awarded to the prospective state contractor, unless the State Elections Enforcement Commission determines that mitigating circumstances exist concerning such violation.

The State will not award any other state contract to anyone found in violation of the above prohibitions for a period of one year after the election for which such contribution is made or solicited, unless the State Elections Enforcement Commission determines that mitigating circumstances exist concerning such violation.
