

**ADDENDUM NO. 1**  
**Issued January 8, 2009**

**TO**

**“REQUEST FOR BIDS  
FOR  
ON-CALL EQUIPMENT WORK  
FOR  
CONNECTICUT RESOURCES RECOVERY AUTHORITY  
LANDFILLS”  
(RFB Number FY09-EN-002)  
(RFB Issued December 17, 2008)**

**Note:** Bidders are required to acknowledge this and all Addenda in Section 6(a) of the Bid Form.

This Addendum consists of the following:

- (a) A change in the date that written questions are due at CRRA;
- (b) Changes in the Contract Documents to clarify that the Work at each landfill is a separate project; and
- (c) Responses to questions received at the pre-bid conference and site tour.

In addition, a list of potential bidders who attended the Pre-Bid Conference And Site Tour is attached.

## **1. DUE DATE FOR WRITTEN QUESTIONS**

Because of the changes CRRA is making in the Contract Documents (see 2 below), CRRA is changing the date by which written questions must be submitted from Friday, January 9, 2009 to **Tuesday, January 13, 2009**. Written questions must be submitted in writing by **3:00 p.m.** on that date to Ronald Gingerich, by e-mail ([rgingerich@crra.org](mailto:rgingerich@crra.org)), by fax ((860) 757-7742), or by correspondence (CRRA, 100 Constitution Plaza, 6<sup>th</sup> Floor, Hartford, Connecticut 06103-1722).

## **2. CONTRACT DOCUMENTS**

CRRA is clarifying that the Work at each of the landfills is a separate Project. Bidders must indicate on the revised Bid Form the landfills for which their bid is submitted. CRRA will consider bids only for those landfills for which the bidder has indicated an interest in the Bid Form.

Bidders may submit bids to provide the Work at any or all of the Landfills. CRRA will consider all bids and may award all of the Work at each of the five Landfills to one bidder or may divide up the Work at the Landfills among two or more bidders. It is CRRA's intention to enter into separate contracts for each of the Landfills and CRRA may enter into contracts with one or more bidders for each of the Landfills.

CRRA has determined that only the Work at the Hartford and Shelton Landfills will be covered by Connecticut's Prevailing Wage requirements. Therefore, CRRA has developed two Bid Payment Rate Schedule Forms, one for the Hartford and Shelton Landfills (prevailing wage) and one for the Ellington, Wallingford and Waterbury Landfills (not prevailing wage).

These changes have had an impact on several of the Contract Documents including the Instructions To Bidders, the Notice Of Award and its Attachment and the Agreement and its Exhibits. Revised versions of each of these documents are attached to this Addendum in pdf format. In addition, for the forms that have been revised, the revised forms have been posted in Word format on CRRA's web site.

A contractor's RFB submission shall be rejected if any of the foregoing ex parte communications take place.

#### 5. **Scope Of Work**

CRRA is seeking bids from qualified contractors to furnish all labor and equipment to perform on-call equipment work for each of CRRA's landfills (the "Work") for the three-year period from March 1, 2009 through February 29, 2012. Specific instructions about how the Work is to be performed are included in the Agreement. The Work will be performed in accordance with and as required by the Contract Documents, including but not limited to, the Scope Of Work set forth in **Exhibit A** (the "Scope of Work") which is attached hereto and made a part hereof.

Bidders may submit bids to provide the Work at any or all of the Landfills. CRRA will consider all bids and may award all of the Work at each of the five Landfills to one bidder or may divide up the Work at the Landfills among two or more bidders. CRRA will enter into a separate contract with each successful bidder for each Landfill for which the successful bidder is selected to perform the Work.

Any Work performed under this contract will be performed pursuant to a Request For Work initiated by CRRA. For a Request For Work, the successful bidder would be required to provide a detailed scope of work and an estimate of the costs and time to perform the specific work. If CRRA decides to have the successful bidder perform such requested

work, such bidder will execute a Request For Work in the form outlined in **Exhibit B**, which is attached hereto and made a part hereof. In preparing the cost estimate for a Request For Work, the successful bidder will be required to use the rates specified on the successful bidders Bid Payment Rate Schedule Form, as such rates may be modified based on changes in the price of diesel fuel. (See the Bid Payment Rate Schedule Form (Section 5 of the Bid Package Documents) for an explanation.)

For any particular Request For Work, except as noted below for the Hartford Landfill, the successful bidder will be required to provide:

Work, CRRA may elect, at its sole and absolute discretion, not to immediately repair or replace the equipment, but to modify the Request For Work so that the successful bidder provides its own equipment for the remainder of the work under the Request For Work. The modification of the Request For Work would include a modification of the prices at which the successful bidder would be reimbursed.

CRRA may also enter into Requests For Work with the successful bidder for providing maintenance work for its Hartford Landfill equipment.

Work at the Ellington, Wallingford and Waterbury Landfills will not be subject to Connecticut's Prevailing Wage requirements, whereas Work at the Hartford and Shelton Landfill will be subject to such requirements.

The successful bidder(s) will be required to provide both a Performance Security and a Payment Security, each in the amount of \$50,000, for the entire period of time that work is being performed under a Request For Work (see Article 7 of the Agreement).

It is CRRA's intention to enter into separate Agreements, if any, for each of the Landfills and CRRA may enter into Agreements, if any, with one or more bidders for each of the Landfills.

CRRA reserves the right to correct inaccurate awards resulting from CRRA's errors. This may include, in extreme circumstances, revoking a Notice Of Award already made to a bidder and subsequently awarding the Notice of Award to another bidder. Such action by CRRA shall not constitute a breach of this RFB by CRRA since the Notice Of Award to the initial bidder is deemed to be void ab initio and of no effect as if no Agreement ever existed between CRRA and the initial bidder.

#### **15. Contractor's Certification Concerning Gifts**

Pursuant to *Connecticut General Statutes* Section 4-252, the apparently successful bidder(s) must submit a document certifying that it has not given any gifts to certain individuals between the date CRRA started planning the RFB and the date the Agreement is executed. If the apparently successful Bidder does not execute the Certification, it will be disqualified for the Agreement. The dates between which the bidder may not give gifts and the identities of those to whom it may not give gifts are specified in the attachment to the Notice Of Award included in the RFB Package Documents (see Attachment A to Section 13 of the RFB Package Documents).

#### **16. Bidder's Qualifications**

CRRA may make any investigation deemed necessary to determine the ability of any bidder to perform the Work required. Each bidder shall furnish CRRA with all such information as may be required for this purpose.

#### **17. Bid Preparation And Other Costs**

Each bidder shall be solely responsible for all costs and expenses associated with the preparation and/or submission of its bid, or incurred in connection with any interviews and negotiations with CRRA, and CRRA shall have no responsibility or liability whatsoever for any such costs and expenses.

**BID PAYMENT RATE SCHEDULE FORM**

**BID PAYMENT RATE SCHEDULE FORM –  
ELLINGTON, WALLINGFORD AND  
WATERBURY LANDFILLS**

**ON-CALL EQUIPMENT WORK  
FOR  
CONNECTICUT RESOURCES RECOVERY AUTHORITY LANDFILLS  
(RFB Number 09-EN-002)**

In the table below, place a check mark in the box for the landfill(s) for which this "Bid Payment Rate Schedule Form – Ellington, Wallingford And Waterbury Landfills" is submitted.

<input type="checkbox"/>	<b>Ellington Landfill</b>
<input type="checkbox"/>	<b>Wallingford Landfill</b>
<input type="checkbox"/>	<b>Waterbury Landfill</b>

**Work at the Ellington, Wallingford and Waterbury Landfills is not subject to Connecticut's Prevailing Wage requirements.**

Bidder will provide equipment, labor, and/or materials as described below necessary to complete the Work described in the RFB for the Landfill(s) checked above for the following unit prices (the "Base Bid"). Bidder shall submit unit prices for all applicable categories in which they own equipment and/or can provide labor. **Unit prices need not be submitted for all categories.**

In determining the unit prices for equipment, Bidder shall assume that the price of diesel fuel is \$3.00 per gallon. CRRA has made the presumption that the cost of diesel fuel to operate a piece of equipment represents 20% of the unit price for that piece of equipment. CRRA shall adjust (increase or decrease) the diesel fuel portion of the unit prices specified below proportionately to the change in the price of diesel fuel (increase or decrease) from \$3.00 per gallon at the time that CRRA executes a Request For Work with the successful bidder.

For example, if CRRA executes a Request For Work with a successful bidder for a piece of equipment for which the successful bidder has specified a rate of \$150/hour (of which CRRA presumes \$30 is attributable to the cost of fuel) and the price of diesel fuel at the time the Request For Work is executed is \$4.00/gallon, CRRA will increase the rate the successful bidder can use in determining the cost estimate for the Request For Work and in billing CRRA for work performed pursuant to the Request For Work by \$10/hour to \$160/hour. In this example, the percentage increase in the price of diesel fuel is 33%. The portion of the hourly price for the equipment attributable to diesel fuel is \$30. Multiplying \$30 by 33% produces a result of \$10. Therefore, the unit price the successful bidder would use in preparing the cost estimate for the Request For Work and for billing CRRA for work performed pursuant to the Request For Work would equal \$150/hour (the unit price specified in the Bid Payment Rate Schedule Form) plus \$10/hour (the adjustment for changes in the prices of diesel fuel) for a total of \$160/hour. Similarly, if the price of diesel fuel at the time the Request For Work is executed is \$2.00/gallon, CRRA will decrease the rate the successful bidder can use in determining the cost estimate for the Request For Work and for billing CRRA for work performed pursuant to the Request For Work by \$10/hour to \$140/hour.

In determining the price of diesel fuel at the time a Request For Work is executed, CRRA will use the Bureau of Labor Statistics Average Price Data, Series ID APU010074717, Northeast Urban, Automotive Diesel Fuel, as reported monthly.

In the table below, place a check mark in the box for the landfill(s) for which this "Bid Payment Rate Schedule Form – Hartford And Shelton Landfills" is submitted.

<input type="checkbox"/>	Hartford Landfill
<input type="checkbox"/>	Shelton Landfill

**Work at the Hartford and Shelton Landfills is subject to Connecticut's Prevailing Wage requirements.**

Bidder will provide equipment, labor, and/or materials as described below necessary to complete the Work described in the RFB for the following unit prices (the "Base Bid"). Bidder shall submit unit prices for all applicable categories in which they own equipment and/or can provide labor. **Unit prices need not be submitted for all categories.**

In determining the unit prices for equipment, Bidder shall assume that the price of diesel fuel is \$3.00 per gallon. CRRA has made the presumption that the cost of diesel fuel to operate a piece of equipment represents 20% of the unit price for that piece of equipment. CRRA shall adjust (increase or decrease) the diesel fuel portion of the unit prices specified below proportionately to the change in the price of diesel fuel (increase or decrease) from \$3.00 per gallon at the time that CRRA executes a Request For Work with the successful bidder.

For example, if CRRA executes a Request For Work with a successful bidder for a piece of equipment for which the successful bidder has specified a rate of \$150/hour (of which CRRA presumes \$30 is attributable to the cost of fuel) and the price of diesel fuel at the time the Request For Work is executed is \$4.00/gallon, CRRA will increase the rate the successful bidder can use in determining the cost estimate for the Request For Work and in billing CRRA for work performed pursuant to the Request For Work by \$10/hour to \$160/hour. In this example, the percentage increase in the price of diesel fuel is 33%. The portion of the hourly price for the equipment attributable to diesel fuel is \$30. Multiplying \$30 by 33% produces a result of \$10. Therefore, the unit price the successful bidder would use in preparing the cost estimate for the Request For Work and for billing CRRA for work performed pursuant to the Request For Work would equal \$150/hour (the unit price specified in the Bid Payment Rate Schedule Form) plus \$10/hour (the adjustment for changes in the prices of diesel fuel) for a total of \$160/hour. Similarly, if the price of diesel fuel at the time the Request For Work is executed is \$2.00/gallon, CRRA will decrease the rate the successful bidder can use in determining the cost estimate for the Request For Work and for billing CRRA for work performed pursuant to the Request For Work by \$10/hour to \$140/hour.

In determining the price of diesel fuel at the time a Request For Work is executed, CRRA will use the Bureau of Labor Statistics Average Price Data, Series ID APU010074717, Northeast Urban, Automotive Diesel Fuel, as reported monthly.

then CRRA shall pay the amount requested within thirty (30) calendar days after its receipt of such bill.

If, however, CRRA determines that:

- (a) Any of the Work for which Contractor has requested payment is not in conformance with the Standards,

- (b) Such bill does not contain all the requisite information, or

Contractor and CRRA agree that Contractor is and shall act as an independent contractor. Notwithstanding Contractor’s status as an independent contractor, but without limiting Contractor’s obligation hereunder to pay, and be solely responsible for, any Connecticut taxes levied, imposed or applicable to the Work, for the sole purpose of allowing CRRA to benefit from the aforesaid exemption, CRRA shall designate, and Contractor has agreed to act, as CRRA’s agent in purchasing services and equipment, machinery, parts, materials, supplies, inventories, fuel, and other items necessary to perform the Work hereunder for the account of CRRA, and with funds provided as reimbursement therefore by CRRA.

## **7.4 Specific Requirements – Performance Letter Of Credit and Payment Letter Of Credit**

The Performance Letter Of Credit and/or Payment Letter Of Credit required hereunder shall be automatically renewed by Contractor on an annual basis, unless not later than ninety (90) days prior to the then current expiration date of the Performance Letter Of Credit and/or Payment Letter Of Credit, Contractor notifies CRRA by registered mail that the issuer of the Performance Letter Of Credit and/or Payment Letter Of Credit elects not to renew such Performance Letter Of Credit and/or Payment Letter Of Credit. If the issuer of the Performance Letter Of Credit and/or Payment Letter Of Credit furnished by Contractor is declared a bankrupt or becomes insolvent or its right to do business is terminated in the State of Connecticut or it ceases to meet the above requirements or the issuer elects not to renew the Performance Letter Of Credit and/or the Payment Letter Of Credit due to no fault of Contractor, Contractor shall immediately substitute another letter of credit (or bond) and surety, subject to the requirements set forth in this Article 7.

## **7.5 Failure To Maintain The Security**

Failure to maintain or renew the Performance Bond, the Performance Letter Of Credit, the Payment Bond and/or the Payment Letter Of Credit under the aforesaid terms shall constitute a default by Contractor of this Agreement.

## **7.6 Exercise Of Rights And Remedies**

In the event Contractor fails to perform any of its obligations under this Agreement, CRRA shall have the right, in addition to all other rights and remedies available to CRRA hereunder or otherwise, to exercise any or all of CRRA's rights and remedies under the Performance Bond, the Performance Letter Of Credit, the Payment Bond and the Payment Letter Of Credit.

## **7.7 Issuing Companies**

The Performance Bond and the Payment Bond shall be issued and executed by a surety company or companies acceptable to CRRA. The Performance Letter Of Credit and the Payment Letter Of Credit shall be issued and executed by a Connecticut Bank or by a national banking association acceptable to CRRA.

Contractor further agrees to take affirmative action to insure that applicants with job related qualifications are employed and that employees are treated when employed without regard to their race, color, religious creed, age, marital status, including civil union status, national origin, ancestry, sex, sexual orientation, mental retardation, or physical disability, including, but not limited to, blindness, unless it is shown by Contractor that such disability prevents performance of the Work involved;

## **8.5 No Waiver**

Failure to enforce any provision of this Agreement or to require at any time performance of any provision hereof shall not be construed to be a waiver of such provision, or to affect the validity of this Agreement or the right of any party to enforce each and every provision in accordance with the terms hereof. No waiver of any provision of this Agreement shall affect the right of CRRA or Contractor thereafter to enforce such provision or to exercise any right or remedy available to it in the event of any other default involving such provision or any other provision. Making payment or performing pursuant to this Agreement during the existence of a dispute shall not be deemed to be and shall not constitute a waiver of any claims or defenses of the party so paying or performing.

Any oral representations or letters by the parties or accommodations shall not create a pattern or practice or course of dealing contrary to the written terms of this Agreement unless this Agreement is formally amended, modified or supplemented.

## 8.7 Prevailing Wages [HARTFORD AND SHELTON ONLY]

Contractor hereby represents that the Contractor's Wage Certification Form, as executed by Contractor and attached hereto as part of **Exhibit H**, which Exhibit in its entirety is made a part hereof, has been submitted by Contractor to the State of Connecticut's Department of Labor for Contractor's performance of the Work. If Contractor is not obligated by agreement to make payment or contribution on behalf of such employees to any such employee welfare fund, Contractor shall pay to each employee as part of his or her wages the amount of payment or contribution for his or her classification on each payday. Contractor shall keep, maintain and preserve records relating to the wages and hours worked by each employee and a schedule of the occupation or work classification at which each mechanic, laborer, or workman under this Agreement is employed during each work day and week in such manner and form as the labor commissioner establishes to assure the proper payments due to such employees or employee welfare funds under *Connecticut General Statutes* §§ 31-53 and 31-54. Pursuant to *Connecticut General Statutes* § 31-53(f), Contractor shall complete and submit to CRRA on a weekly basis during the term of this Agreement and any extension thereof the payroll certification forms also set forth in **Exhibit H**. Contractor hereby represents and covenants that it is not now, and has not been for at least three (3) years previous to the date of this Agreement, listed by the labor commissioner as a person who has violated laws and regulations relating to prevailing wages.

### SCOPE OF WORK

**[The following Scope Of Work will be modified as appropriate for the Agreement for the landfill for which the Contractor has been selected.]**

CRRA is responsible for maintaining and monitoring the [INSERT NAME AND ADDRESS OF LANDFILL FROM LIST BELOW FOR WHICH CONTRACTOR SELECTED]

- The Ellington Landfill, located at 217 Sadds Mill Road (Route 140) in Ellington, Connecticut 06029;
- The Hartford Landfill, located at 180 Leibert Road (in the North Meadows off of Exit 33 on I-91) in Hartford, Connecticut 06120;
- The Shelton Landfill, located at 866 River Road (Route 110) in Shelton, Connecticut 06484;
- The Wallingford Landfill, located on Pent Road (off of South Cherry Street) in Wallingford, Connecticut 06492; and
- The Waterbury Bulky Waste Landfill, located at the intersection of Highland Avenue and Highview Road in Waterbury, Connecticut 06708.

With the exception of the Hartford Landfill, a final cap has been completed on the [NAME OF LANDFILL FOR WHICH CONTRACTOR SELECTED] Landfill. For the Hartford Landfill, final cap construction began in 2007, but is not scheduled to be complete for at least two more years.

In order to maintain and monitor the Landfill in accordance with applicable permits and regulations, CRRA may contract with one or more Contractors to perform Work at the Landfill.

Any Work performed under this contract will be performed pursuant to a Request For Work initiated by CRRA. Requests For Work will be solicited, at CRRA's discretion, from the Contractor(s) for specific work to be performed during the term of the Project, which is anticipated to be from March 1, 2009 to June 30, 2012. CRRA does not guarantee any Work to Contractor.

For a Request For Work, Contractor is required to provide a detailed scope of work and an estimate of the costs and time to perform the specific work. If CRRA decides to have the Contractor perform such requested work, such Contractor will execute a Request For Work in the form outlined in **Exhibit B**, which is attached hereto and made a part hereof. In preparing the cost estimate for a Request For Work, Contractor is required to use the rates specified in **Exhibit C**, "Compensation Schedule," of the Contractor's Agreement with CRRA, as such rates may be modified based on changes in the price of diesel fuel (see **Exhibit C**).

## **ALL CRRA LANDFILLS**

For any particular Request For Work, except as noted below for the Hartford Landfill, the Contractor will be required to provide:

- (a) All required equipment with operator to perform Work as directed by CRRA;
- (b) All required laborers to perform Work as directed by CRRA; and
- (c) All required materials to be used in the performance of the Work as directed by CRRA.

The types of work the Contractor will be required to perform include, but are not necessarily limited to, the following:

- (a) Excavation;
- (b) Filling;
- (c) Grading;
- (d) Leachate seep repair;
- (e) Drainage swale and downchute construction/maintenance;
- (f) Erosion repair;
- (g) Settlement repair;
- (h) Topsoil placement;
- (i) Seeding/hydroseeding;
- (j) Installation of erosion control measures;
- (k) Storm drainage system installation/repair/removal;
- (l) Landfill cover system installation/repair; and
- (m) Other miscellaneous construction/maintenance work as required and directed by CRRA.

## **HARTFORD LANDFILL**

As stated above, final closure activities at the Hartford Landfill began in 2007. CRRA is currently in the process of installing a membrane cap over 52 of the 96 total acres of the landfill. By permit, the landfill must stop receiving waste no later than December 31, 2008.

After that date, CRRA intends to begin preparing the remaining acreage of the landfill for final capping. The majority of the work done at the Hartford Landfill under this contract will be performed using CRRA equipment, unless the work requires equipment that CRRA does not own. For example, CRRA does not have a sweeper at the Hartford Landfill, but CRRA does anticipate that some on-site roadways may need to be swept.

In the case of a Request For Work at the Hartford Landfill that involves the successful bidder providing just the operators/drivers needed to operate CRRA's equipment, if the foregoing equipment breaks down during the successful bidder's use pursuant to a Request For Work, CRRA may elect, at its sole and absolute discretion, not to immediately repair or replace the equipment, but to modify the Request For Work so that the successful bidder provides its own equipment for the remainder of the work under the Request For Work. The modification of the Request For Work would include a modification of the prices at which the successful bidder would be reimbursed.

CRRA has the following pieces of equipment at the Hartford Landfill:

- Caterpillar 966 Front End Loader;
- Caterpillar D6 Bulldozer;
- Caterpillar 866 Compactor;
- Caterpillar 312B Excavator;
- Dump Truck (10 wheel); and
- Water Truck.

For any particular Request For Work for the Hartford Landfill after December 31, 2008, Contractor may be required to provide work including, but not limited to, the following:

- (a) **Management of grading and cover soils.** This work will involve filling, grading, covering, and stockpiling activities as directed by CRRA, using soil provided by CRRA.
- (b) **Relocation of landfilled materials.** This work will involve excavating waste, soil, and ash materials and relocating and covering said materials as directed by CRRA, using soil provided by CRRA.
- (c) **Repair of leachate seeps.** This work will involve excavating areas of leachate seepage and, using stone filled trenches or pits, preventing leachate from exiting the surface of the landfill. Waste material excavated during such repairs will be re-landfilled and covered in an appropriate area of the landfill.
- (d) **Erosion and sedimentation control.** This work will involve controlling erosion and sediment transport at the landfill using best management practices.
- (e) **Control of dust.** This work involves utilizing CRRA's water truck to control dust, and providing a sweeper as necessary to control dust.

COMPENSATION SCHEDULE**

## COMPENSATION SCHEDULE

In determining the unit prices for equipment as specified below, Contractor has assumed that the price of diesel fuel is \$3.00 per gallon. CRRA has made the presumption that the cost of diesel fuel to operate a piece of equipment represents 20% of the unit price for that piece of equipment. CRRA shall adjust (increase or decrease) the diesel fuel portion of the unit prices specified below proportionately to the change in the price of diesel fuel (increase or decrease) from \$3.00 per gallon at the time that CRRA executes a Request For Work with the Contractor.

For example, if CRRA executes a Request For Work with a the Contractor for a piece of equipment for which the Contractor has specified a rate of \$150/hour (of which CRRA presumes \$30 is attributable to the cost of fuel) and the price of diesel fuel at the time the Request For Work is executed is \$4.00/gallon, CRRA will increase the rate the Contractor can use in determining the cost estimate for the Request For Work and in billing CRRA for work performed pursuant to the Request For Work by \$10/hour to \$160/hour. In this example, the percentage increase in the price of diesel fuel is 33%. The portion of the hourly price for the equipment attributable to diesel fuel is \$30. Multiplying \$30 by 33% produces a result of \$10. Therefore, the unit price the Contractor would use in preparing the cost estimate for the Request For Work and for billing CRRA for work performed pursuant to the Request For Work would equal \$150/hour (the unit price specified in the Compensation Schedule) plus \$10/hour (the adjustment for changes in the prices of diesel fuel) for a total of \$160/hour. Similarly, if the price of diesel fuel at the time the Request For Work is executed is \$2.00/gallon, CRRA will decrease the rate the Contractor can use in determining the cost estimate for the Request For Work and for billing CRRA for work performed pursuant to the Request For Work by \$10/hour to \$140/hour.

In determining the price of diesel fuel at the time a Request For Work is executed, CRRA will use the Bureau of Labor Statistics Average Price Data, Series ID APU010074717, Northeast Urban, Automotive Diesel Fuel, as reported monthly.

[The Compensation Schedule will be added by CRRA based on the successful Bidder's Bid Payment Rate Schedule Form, as such Form may be modified as a result of negotiations between CRRA and the successful Bidder.]

## TRAVEL POLICY AND EXPENSE REPORTING

### 1. GENERAL STATEMENT

This Travel Policy and Expense Reporting guide presents the policies that all CRRA employees (hereafter "employee(s)") must adhere to in the planning and conducting of their business travel and their reimbursement requests. CRRA requires that all travel expenditures and their accountings meet the Internal Revenue Service requirements of "ordinary, necessary and reasonable" and should be conservative and consistent with the nature of the business assignment. These policies safeguard CRRA and protect the employee from being assessed additional taxable income. All employees are expected to fully comply with the policies and instructions in this guide. Reimbursements for actual and necessary expenses made to Directors of CRRA shall be made consistent with the provisions of this Travel Policy And Expense Reporting guide; however, as stated in the Connecticut General Statutes, Directors shall not be required to obtain pre-approval from the President for any expenses.

### 2. APPROVALS

Prior written approval by the President or the employee's Division Head at least one (1) week in advance is required for all overnight trips out of state, except in an emergency. It is the obligation of the employee to obtain this prior approval and no reimbursement will be made without this approval.

Prior written approval by the President or the employee's Division Head at least one (1) week in advance is required for all employee trips that are for educational seminars, professional conferences, vendor-initiated field trips, and industry organization events.

To obtain written approval, the employee must complete the overnight travel form, and, if a cash advance is requested, complete a cash advance form that estimates the out-of-pocket expenses, and submit the completed form(s) to the appropriate Division Head or President in as far in advance as possible of departure date.

### 3. TRANSPORTATION

Transportation expenses should be kept to a minimum. The most direct and practical route should be selected.

## **3.1 Rental Automobile**

Rental car expenses will be paid by CRRA and whenever possible should be billed directly to CRRA to take advantage of CRRA's tax-exempt status and any other discounts available to CRRA.

### **3.1.1 Insurance**

#### **3.1.1.1 Business Use Of A Rental Automobile**

Employees on business do not need to purchase additional insurance coverage (collision damage waiver or excess liability) from the rental company. The Corporate Insurance Program covers these risks. Please note that all vehicles must be rented in CRRA's name to have CRRA's policy cover the employee.

#### **3.1.1.2 Personal Use Of A Rental Automobile**

Employees are prohibited from using a CRRA rental automobile for personal use. Personal use that is incidental to CRRA business use will be covered by the CRRA insurance policy as long as the vehicle was rented in CRRA's name. Incidental usage is defined as usage of the vehicle that is directly related to business usage (e.g. mileage to get meals on a business trip).

## **3.2 Business Use Of Employee's Car**

### **3.2.1 Reimbursement Rate**

The reimbursement rate for an employee's use of their personal automobile for CRRA business is the IRS approved rate, as adjusted from time to time by the IRS, for employee use of their personal car on business. The above mileage reimbursement allowance for business use of an employee's vehicle is calculated in a manner that takes into account all auto-related expenses, including the cost of carrying insurance (without a deductible). Therefore, CRRA will not reimburse an employee for vehicle damage or personal liability that occurs while a personal automobile is being used on CRRA business if the employee drives their personal vehicle 2,500 miles per year or more. This includes any deductible that may apply. However, if an employee's vehicle is driven on company business 2,500 miles or less annually, and is involved in a motor vehicle accident, CRRA will reimburse the employee through the normal expense reimbursement process for their physical damage deductible up to a maximum of \$500.00 per accident. Evidence of the payment of the deductible by the employee must be provided to CRRA in order to receive reimbursement. (Traveling on business does not include any travel involved in commuting to or from work, lunch time errands or anything other than authorized business use). Before an employee seeks the foregoing reimbursement for the use of his personal automobile, the

employee shall provide CRRA with written evidence of his personal automobile insurance with limits as required by the Connecticut General Statutes. The foregoing written proof shall be kept on file in the CRRA Finance Division.

### **3.2.2 Mileage Calculation**

In all travel away from the CRRA office, the employee will be reimbursed using the shortest distance between points. For travel from Hartford to a CRRA facility, the President shall cause the shortest distance to be determined and the President shall cause such determination to be made available to employees. Unless approved by an employee's Division Head, employees shall use the distances determined by the President in all requests for reimbursement for travel from Hartford to a CRRA facility. An employee may request and the employee's Division Head may approve distances other than those determined by the President in extraordinary circumstances when, for reasons beyond the control of the employee, the route of the shortest distance was not reasonably available for use.

In calculating mileage, the normal commute mileage to and from the employee's home to the employee's assigned place of work must be deducted from the total trip mileage. For example, if the total trip mileage equals 100 miles, and normal commute mileage equals 20 miles, CRRA will reimburse the employee for 80 miles. This is in accordance with Internal Revenue Service and State of Connecticut policy.

### **3.2.3 Tolls/Parking**

No receipts are necessary for tolls or parking unless they exceed five (\$5.00) dollars.

## **3.3 Air Travel**

All air travel requires prior approval from the CRRA President. For approved travel, CRRA will reimburse employees only for coach accommodations. Employees are encouraged to inquire about discount packages and to take advantage of the least costly route whenever possible. When an employee plans a trip, the reservations should be made as far in advance as practical to obtain the lowest rate. All approved air travel for the previous month shall be reported to the CRRA Board of Directors at its next Board Meeting.

## **3.4 Taxis**

Taxi service may be used when no other form of public transportation is available or when the cost of a taxi is close to the cost of public transportation. Employees are encouraged to use courtesy cars, airport limousines, or buses whenever possible. Since some taxi services do not provide receipts, you should have the back of your business card signed, dated, and the amount of the fare indicated by the driver.

### **3.5 CRRA Owned Automobiles**

Please refer to the CRRA Vehicle Usage Policy adopted by the CRRA Board of Directors at its November 21, 2003, Board of Directors Meeting.

#### **4. MEALS**

Permissible expenditures for meals and tips depend on location and circumstances. Only reasonable and customary charges will be allowed and reimbursed by CRRA. An exception may be granted by the President in unusual circumstances. In-state breakfast, lunch, and dinner will not be reimbursed unless they involve a business meeting.

#### **5. LODGING**

Lodging accommodations in reasonable and economically priced single occupancy rooms, including customary tips, are reimbursable if the employee has to stay away from home overnight because of unfinished business or an early morning business meeting.

Employees should request government rates at the time of making reservations.

#### **6. INCIDENTALS**

The incidentals allowance encompasses such things as gratuities and one telephone call a day of reasonable duration to the employee's home. It is anticipated that the cost of such calls generally will appear on the employee's hotel bill.

#### **7. PERSONAL EXPENSES**

Some travel expenses are considered personal and CRRA will not reimburse them. The following, while not all inclusive, lists examples of such personal expenses that are not reimbursable expenses: amusements, athletic events, barbers, books for personal reading, athletic court or gym costs, damage to luggage, fines, hair stylists, magazines, newspapers, movies, and saunas.

#### **8. OTHER BUSINESS EXPENSES**

With prior approval of the President, CRRA will reimburse an employee for the incidental costs necessary to further an important CRRA business purpose. Any foregoing expense must be reported to the Board at the Board's next Board of Directors meeting. Any such expense must be documented by showing the following:

- The name(s) of the person or persons and the location and nature of the expense.
- The business relationship with CRRA.
- The specific business reason for the expense.
- The actual business conducted.

CRRA will not reimburse the cost of home entertaining.

## 9. EXPENSE REPORTING

All expense reporting must be submitted to CRRA using the CRRA expense reimbursement form(s) within twenty working days after the day the employee returns from his/her trip.

## 10. RECEIPTS

Employees shall obtain receipts for all travel expenses, exclusive of mileage reimbursement. This includes receipts for all meals, airfare, bus fare, taxi, toll or parking charges in excess of \$5.00 dollars, limousine, hotel, and registration fees. Travel expenses in excess of the stated guidelines herein will be reimbursed only if all receipts accompany expense vouchers. Expenses submitted without a receipt, except for gratuity and certain transfer charges, may not be reimbursed.

Original receipts are required for all entertainment.

## 11. EXCEPTIONS

Exceptions to these travel and expense guidelines will be authorized only upon the prior authorization of President when the circumstances warrant. Any such exception to these travel and expense guidelines should be documented and the President should notify the CRRA Board of Directors of such exception at the Board's next Board Meeting.

## TERMS AND CONDITIONS TO PERFORMANCE BOND

1. The Contractor and the Surety jointly and severally bind themselves, their heirs, executors, administrators, successors and assigns to the Owner for the performance of the foregoing Agreement, the terms of which are incorporated herein by reference. Any singular reference to the Contractor, the Surety, the Owner or any other party herein shall be considered plural where applicable.
2. If the Contractor performs the Agreement, the Surety and the Contractor shall have no obligation under this Bond, except to participate in conferences as provided in Subparagraph 3.1.
3. If there is no Owner Default (as hereinafter defined), the Surety's obligation under this Bond shall arise after:
  - 3.1 The Owner has notified the Contractor and the Surety at its address described in Paragraph 10 below, that the Owner is considering declaring a Contractor Default (as hereinafter defined) and has requested and attempted to arrange a conference with the Contractor and the Surety to be held not later than fifteen (15) days after the receipt of such notice to discuss methods of performing the Agreement. If the Owner, the Contractor and the Surety agree, the Contractor shall be allowed a reasonable time to perform the Agreement, but such an agreement shall not waive the Owner's right, if any, to subsequently declare a Contractor Default; and
  - 3.2 The Owner has declared a Contractor Default (as hereinafter defined) and formally terminated the Contractor's right to complete the Agreement. Such Contractor Default shall not be declared earlier than twenty (20) days after the Contractor and the Surety have received notice as provided in Subparagraph 3.1.
  - 3.3 The Owner has agreed to pay the Balance of the Agreement Price to the Surety in accordance with the terms of the Agreement or to a contractor selected to perform the Agreement in accordance with the terms of the agreement with the Owner.
4. When the Owner has satisfied the conditions of Paragraph 3, the Surety shall promptly and at the Surety's expense take one of the following actions:
  - 4.1 Arrange for the Contractor, with the consent of the Owner, to perform and complete the Agreement; or
  - 4.2 Undertake to perform and complete the Agreement itself, through its agents or through independent contractors; or
  - 4.3 Obtain bids or negotiated proposals from qualified contractors acceptable to the Owner for a contract for performance and completion of the Agreement, arrange for a contract to be prepared for execution by the Owner and the contractor selected with the Owner's concurrence, to be secured with a performance bond executed by a qualified surety equivalent to the bond issued on the Agreement, and pay to the Owner the amount of damages described in Paragraph 6; or
  - 4.4 Waive its right to perform and complete, arrange for completion or obtain a new contractor and with reasonable promptness under the circumstances:
    - 4.4.1 After investigation, determine the amount for which it may be liable to the Owner and, as soon as practicable after the amount is determined, tender payment therefor to the Owner; or
    - 4.4.2 Deny liability in whole or in part and notify the Owner citing reasons therefor.
5. If the Surety does not proceed as provided in Paragraph 4 with reasonable promptness, the Surety shall be deemed to be in default on this Bond fifteen (15) days after receipt of an additional written notice from the Owner to the Surety demanding that the Surety perform its obligations under this Bond, and the Owner shall be entitled to enforce any remedy available to the Owner. If the Surety proceeds as provided in Subparagraph 4.4 and the Owner refuses the payment tendered or the Surety has denied liability, in whole or in part, without further notice the Owner shall be entitled to enforce any remedy available to the Owner.
6. After the Owner has terminated the Contractor's right to complete the Agreement, and if the Surety elects to act under Subparagraph 4.1, 4.2 or 4.3 above, then the responsibilities of the Surety to the Owner shall not be greater than those of the Contractor under the Agreement, and the responsibilities of the Owner to the Surety shall not be greater than those of the Owner under the Agreement. To the limit of the amount of this Bond, the Surety is obligated without duplication for:
  - 6.1 The responsibilities of the Contractor for correction of defective work and completion of the Agreement;
  - 6.2 Additional legal and delay costs resulting from the Contractor's Default and resulting from the actions or failure to act of the Surety under Paragraph 4; and
  - 6.3 Liquidated damages, or if no liquidated damages are specified in the Agreement, actual damages caused by delayed performance or non-performance of the Contractor.
7. The Surety shall not be liable to the Owner or others for obligations of the Contractor that are unrelated to the Agreement. No right of action shall accrue on this Bond to any person or entity other than the Owner or its successors and assigns.
8. The Surety hereby waives notice of any change, including changes of time, to the Agreement or to related subcontracts, purchase orders and other obligations.
9. Any proceeding, legal or equitable, under this Bond may be instituted in any court of competent jurisdiction in the location in which the work or part of the work is located and shall be instituted within two (2) years after Contractor Default or within two (2) years after the Contractor ceased working or within two (2) years after the Surety refuses or fails to perform its obligations under this Bond, whichever occurs first. If the provisions

of this Paragraph are void or prohibited by law, the minimum period of limitation available to sureties as a defense in the jurisdiction of the suit shall be applicable.

10. Notice to the Surety, the Owner or the Contractor shall be mailed or delivered to the address shown on the signature page of this Bond.
11. When this Bond has been furnished to comply with a statutory or other legal requirement in the location where the Agreement was to be performed, any provision in this Bond conflicting with said statutory or legal requirement shall be deemed deleted here from and provisions confirming to such statutory or other legal requirement shall be deemed incorporated herein. The intent is that this Bond shall be construed as a statutory bond and not as a common law bond.

12. Definitions.

12.1 Balance of the Agreement Price: The total amount payable by the Owner to the Contractor under the Agreement after all proper adjustments have been made, including allowance to the Contractor of any amounts received or to be received by the Owner in settlement of insurance or other claims for damages to which the Contractor is entitled, reduced by all valid and proper payments made to or on behalf of the Contractor under the Agreement.

12.2 Agreement: The agreement between the Owner and the Contractor identified on the signature page, including all Agreement Documents and changes thereto.

12.3 Contractor Default: Failure of the Contractor, which has neither been remedied nor waived, to perform or otherwise to comply with any of the terms of the Agreement.

## Notice

### **To All Mason Contractors and Interested Parties Regarding Construction Pursuant to Section 31-53 of the Connecticut General Statutes (Prevailing Wage)**

The Connecticut Labor Department Wage and Workplace Standards Division is empowered to enforce the prevailing wage rates on projects covered by the above referenced statute.

Over the past few years the Division has withheld enforcement of the rate in effect for workers who operate a forklift on a prevailing wage rate project due to a potential jurisdictional dispute.

The rate listed in the schedules and in our Occupational Bulletin (see enclosed) has been as follows:

#### **Forklift Operator:**

- **Laborers (Group 4) Mason Tenders** - operates forklift solely to assist a mason to a maximum height of nine feet only.

- **Power Equipment Operator (Group 9)** - operates forklift to assist any trade and to assist a mason to a height over nine feet.

The U.S. Labor Department conducted a survey of rates in Connecticut but it has not been published and the rate in effect remains as outlined in the above Occupational Bulletin.

*Since this is a classification matter and not one of jurisdiction, effective January 1, 2007 the Connecticut Labor Department will enforce the rate on each schedule in accordance with our statutory authority.*

Your cooperation in filing appropriate and accurate certified payrolls is appreciated.

# Occupational Classification Bulletin

Last Updated: March 13, 2008

You are here: [DOL Web Site](#) › [Wage and Workplace Issues](#) › Occupational Classification Bulletin

- new [Informational Bulletin - 03/12/08](#) (PDF, 1.63MB)

Published by the Connecticut Department of Labor, Automation Support Unit

Revised: March 12, 2008

## Informational Bulletin

### *Occupational Classifications*

The Connecticut Department of Labor has the responsibility to properly determine "job classification" on prevailing wage projects covered under C.G.S. Section 31-53.

*✓Note: This information is intended to provide a sample of some occupational classifications for guidance purposes only. It is not an all-inclusive list of each occupation's duties. This list is being provided only to highlight some areas where a contractor may be unclear regarding the proper classification.*

On any construction project, an assortment of workers are needed to carry out all of the required tasks. Employees include various skilled crafts people, machine operators, general laborers, and apprentices. Prevailing wage rate schedules identify the classes of workers likely to be employed on each of the four types of construction projects. (If a contractor wants to use a class of worker not listed in a wage determination, there is a process for requesting the U.S. Department of Labor to establish a prevailing wage rate for that additional classification). (Contact U.S. Department of Labor at 202.693.0062 or 215.861.5800)

A registered apprentice is not a separate prevailing wage job classification. Apprentices are paid a percentage of the base rate received by the craft that they are training to become and the full fringe rate. This percentage increases in steps, as the apprentice advances through the stages of the apprenticeship process.

 Any questions regarding the proper classification should be directed to the Contract Compliance Unit, Wage and Workplace Standards Division, Connecticut Department of Labor, 200 Folly Brook Blvd, Wethersfield, CT 06109 at 860.263.6543.

Below are additional clarifications of specific job duties performed for certain classifications:

⇒ ASBESTOS WORKERS/INSULATORS:

- ▶ Handle, install, apply, fabricate, distribute, prepare, alter, repair, or dismantle heat and frost insulation, including penetration and fire stopping work on all penetration fire stop systems.

⇒ BOILERMAKERS:

- ▶ Erects hydro plants, incomplete vessels, steel stacks, storage tanks for water, fuel, etc. Builds incomplete boilers, repairs heat exchanges and steam generators.

⇒ BRICKLAYERS, CEMENT MASONS, CEMENT FINISHERS, MARBLE MASONS, PLASTERERS, STONE MASONS, PLASTERERS, STONE MASONS, TERRAZZO WORKERS, TILE SETTERS:

- ▶ Lays building materials such as brick, structural tile and concrete cinder, glass, gypsum, terra cotta block. Cuts, tools and sets marble, sets stone, finishes concrete, applies decorative steel, aluminum and plastic tile, applies cements, sand, pigment and marble chips to floors, stairways, etc.

⇒ CARPENTERS, MILLWRIGHTS, PILEDRIVERMEN, LATHERS, RESILEINT FLOOR LAYERS, DOCK BUILDERS, DIVERS, DIVER TENDERS:

- ▶ Constructs, erects, installs and repairs structures and fixtures of wood, plywood and wallboard. Installs, assembles, dismantles, moves industrial machinery. Drives piling into ground to provide foundations for structures such as buildings and bridges, retaining walls for earth embankments, such as cofferdams. Fastens wooden, metal or rockboard lath to walls, ceilings and partitions of buildings, acoustical tile layer, concrete form builder. Applies firestopping materials on fire resistive joint systems only. Installation of curtain/window walls only where attached to wood or metal studs.
- ▶ Assembly and installation of modular furniture/furniture systems.  
[New] a. Free-standing furniture is not covered. This includes: student chairs, study top desks, book box desks, computer furniture, dictionary stand, atlas stand, wood shelving, two- position information access station, file cabinets, storage cabinets, tables, etc.

⇒ CLEANING LABORER:

- ▶ The clean up of any construction debris and the general cleaning, including sweeping, wash down, mopping, wiping of the construction facility, washing, polishing, dusting, etc., prior to the issuance of a certificate of occupancy falls under the *Labor classification*.

⇒DELIVERY PERSONNEL:

- ▶ If delivery of supplies/building materials is to one common point and stockpiled there, prevailing wages are not required. If the delivery personnel are involved in the distribution of the material to multiple locations within the construction site then they would have to be paid prevailing wages for the type of work performed: laborer, equipment operator, electrician, ironworker, plumber, etc.
- ▶ An example of this would be where delivery of drywall is made to a building and the delivery personnel distribute the drywall from one "stockpile" location to further sub-locations on each floor. Distribution of material around a construction site is the job of a laborer/tradesman and not a delivery personnel.

⇒ELECTRICIANS:

- ▶ Install, erect, maintenance, alteration or repair of any wire, cable, conduit, etc., which generates, transforms, transmits or uses electrical energy for light, heat, power or other purposes. **\*License required per Connecticut General Statutes: E-1,2 L-5,6 C-5,6 T-1,2 L-1,2 V-1,2,7,8,9.**

⇒ELEVATOR CONSTRUCTORS:

- ▶ Install, erect, maintenance and repair of all types of elevators, escalators, dumb waiters and moving walks. **\*License required by Connecticut General Statutes: R-1,2,5,6.**

⇒FORK LIFT OPERATOR:

- ▶ Laborers Group 4) Mason Tenders - operates forklift solely to assist a mason to a maximum height of nine (9) feet only.
- ▶ Power Equipment Operator Group 9 - operates forklift to assist any trade, and to assist a mason to a height over nine (9) feet.

⇒GLAZIERS: [updated]

- ▶ Installs light metal sash, head sills, and 2-story aluminum commercial storefronts.

⇒IRONWORKERS:

- ▶ Handling, sorting, and installation of reinforcing steel (rebar).
- ▶ Installation of aluminum window walls and curtain walls.
- ▶ Metal bridge rail (traffic), metal bridge handrail, and decorative security fence installation.
- ▶ Installation of handrails, stairs, and platforms installed on Wastewater Treatment Plant projects. [new]

⇒INSULATOR:

- ▶ Installing fire stopping systems/materials for "Penetration Firestop Systems": transit to cables, electrical conduits, insulated pipes, sprinkler pipe penetrations, ductwork behind radiation, electrical cable trays, fire rated pipe penetrations, natural polypropylene, HVAC ducts, plumbing bare metal, telephone and communication wires, and boiler room ceilings. Past practice using the applicable licensed trades, Plumber, Sheet Metal, Sprinkler Fitter, and Electrician, is not inconsistent with the Insulator classification and would be permitted.

⇒LEAD PAINT REMOVAL:

- ▶ Painter Rate -
  - 1) Removal of lead paint from bridges.
  - 2) Removal of lead paint as preparation of any surface to be repainted.
  - 3) Where removal is on a *Demolition* project prior to reconstruction.
- ▶ Laborer Rate-
  - 1) Removal of lead paint from any surface *NOT* to be repainted.
  - 2) Where removal is on a *TOTAL* Demolition project only.

⇒LABORERS:

- ▶ Acetylene burners, asphalt rakers, chain saw operators, concrete and power buggy operator, concrete saw operator, fence and guard rail erector, hand operated concrete vibrator operator, mason tenders, pipelayers (installation of water, storm drainage or sewage lines outside of the building line with P6, P7 license), pneumatic drill operator, pneumatic gas and electric drill operator, powermen and wagon drill operator, air track operator, block paver, curb setters, blasters, concrete spreaders.

⇒PAINTERS:

Painting, decorating, hardwood finishing, paper hanging, sign writing, scenic art work and drywall finishing for any and all types of building and residential work.

⇒PLUMBERS AND PIPEFITTERS:

- ▶ Installation, repair, replacement, alteration or maintenance of all plumbing, heating, cooling and piping. **\*License required per Connecticut General Statutes: P-1,2,6,7,8,9 J-1,2,3,4 SP-1,2. S-1,2,3,4,5,6,7,8 B-1,2,3,4 D-1,2,3,4.**

⇒POWER EQUIPMENT OPERATORS:

- ▶ Operates several types of power construction equipment such as compressors, pumps, hoists, derricks, cranes, shovels, tractors, scrapers or motor graders, etc. Repairs and maintains equipment. **\*License required, crane operators only, per Connecticut General Statutes.**

⇒**ROOFERS:**

- ▶ Preparation of surface, tear-off and/or removal of any type of roofing, and/or clean-up of any areas where a roof is to be relaid.

⇒**SHEET METAL WORKER:**

Fabrication, handling, assembling, erecting, altering, repairing, etc. of architectural metal roof, standing seam roof, composite metal roof, metal and composite bathroom/toilet partitions, aluminum gutters, metal and composite lockers and shelving, kitchen equipment, and walk-in coolers.

⇒**SPRINKLER FITTERS:**

Installation, alteration, maintenance and repair of fire protection sprinkler systems. **\*License required per Connecticut General Statutes: F-1,2,3,4.**

⇒**TILE, MARBLE AND TERRAZZO FINISHERS:**

Assists and tends the tile setter, marble mason and terrazzo worker in the performance of their duties.

⇒**TRUCK DRIVERS:**

- ▶ Truck Drivers delivering asphalt are covered under prevailing wage while on the site and directly involved in the paving operation.
- ▶ Material men and deliverymen are not covered under prevailing wage as long as they are not directly involved in the construction process. If, they unload the material, they would then be covered by prevailing wage for the classification they are performing work in: laborer, equipment operator, etc.
- ▶ Hauling material off site is not covered provided they are not dumping it at a location outlined above.
- ▶ Driving a truck on site and moving equipment or materials on site would be considered covered work, as this is part of the construction process.

*No state contractor, prospective state contractor, principal of a state contractor or principal of a prospective state contractor, with regard to a state contract or state contract solicitation with or from a state agency in the executive branch or a quasi-public agency or a holder, or principal of a holder of a valid prequalification certificate, shall make a contribution to, or solicit contributions on behalf of (i) an exploratory committee or candidate committee established by a candidate for nomination or election to the office of Governor, Lieutenant Governor, Attorney General, State Comptroller, Secretary of the State or State Treasurer, (ii) a political committee authorized to make contributions or expenditures to or for the benefit of such candidates, or (iii) a party committee;*
