In addition, bidders must provide CRRA with their selected disposal facilities, but the price for disposal will be provided to CRRA at the time CRRA asks a successful bidder for work during the term of the Agreement. 1. Introduction

CRRA is a quasi-public entity, a body politic and corporate, created pursuant to C.G.S. Chapter 446e, Section 22a-261, as a public instrumentality and political subdivision of the State of Connecticut (the "State"). CRRA has the responsibility for developing and implementing environmentally sound solutions and best practices for solid waste disposal and recycling on behalf of, and in the best interests of the municipalities and residents of the State of Connecticut. CRRA oversees a statewide network of three regional waste-to-energy systems, a single-stream recycling facility, five transfer stations, and five landfills.

Among the CRRA facilities that manage municipal solid waste (“MSW”) are the following (hereinafter collectively referred to as the “CRRA MSW Facilities”):

- (a) The Resource Recovery Facility (“RRF”), located at 300 Maxim Road, Gate 70, Hartford, Connecticut 06114;
- (b) The Ellington Transfer Station, located at 217 Sadds Mill Road (Route 140), Ellington, Connecticut 06029;

- (c) The Essex Transfer Station, located at Dump Road, Essex, Connecticut 06426;
- (d) The Torrington Transfer Station, located at Vista Drive (formerly Old Dump Road), Torrington, Connecticut 06790; and
- (e) The Watertown Transfer Station, located at Echo Lake Road, Watertown, Connecticut 06795.

As used in the RFB Package Documents, “Municipal Solid Waste” means municipal solid waste generated by and collected from residential, commercial, institutional, industrial or other establishments, but does not include (i) bulky items such as construction, demolition and/or land clearing debris, (ii) non-processible items such as household furniture, mattresses, rugs, etc, (iii) solid waste which contains hazardous waste as defined in Connecticut General Statutes Sec. 22a-115, or (iv) any other waste deemed unacceptable by CRRA.

Normally, the MSW from the four transfer stations herein is shipped to the RRF where it is processed and combusted to produce electricity. However, on occasion CRRA finds it necessary to divert MSW from one or more of the CRRA MSW Facilities

Generally, MSW diversion work is needed during scheduled and unscheduled maintenance outages and during periods of high waste deliveries. The quantity of MSW CRRA authorizes for diversion varies considerably. CRRA frequently uses multiple contractors during periods when MSW diversions are needed. When diversions are needed, CRRA usually diverts MSW from one or more of the four transfer stations (Ellington Transfer Station, Essex Transfer Station, Torrington Transfer Station and Watertown Transfer Station). On rare occasions, CRRA diverts MSW from the RRF. Table 1 on the following page presents the tonnage figures of MSW diverted from each of the CRRA MSW Facilities on a monthly basis for the past three fiscal years.

CRRA is seeking bids from qualified entities to provide on-call transportation and disposal work for the diversion of MSW from one or more of the CRRA MSW Facilities for the period from July 1, 2012 through June 30, 2015. In their bids, bidders must provide a per-ton price for the transportation of MSW to be diverted. In addition, bidders must provide CRRA with their selected disposal locations, **but the price for disposal will be provided to CRRA at the time CRRA asks a successful bidder for work during the term of the Agreement.** CRRA will adjust the per-ton transportation prices to account for changes in the price of fuel. CRRA makes no representation that any successful bidder will actually be called on to provide any of the work.

When CRRA needs to divert MSW, CRRA will contact one or more of the successful bidders and obtain from each of them their then current disposal price of the MSW to be diverted to their disposal facilities as detailed in their bids. A bidder must detail all of their proposed disposal facilities in its bid. CRRA, at its sole discretion, may reject any such proposed disposal facility. Based on the combined disposal price and the adjusted transportation price (the transportation prices submitted by the bidder in its bid as adjusted pursuant to Exhibit C, “Semi-Annual Fuel Price Adjustment Formula,” of the Agreement) CRRA will select one or more of the successful bidders to divert the MSW.

5. Scope Of Work

CRRA is seeking bids from qualified contractors to furnish all labor, materials, supplies, tools, equipment, trucks and other facilities and necessary appurtenances or property for, or incidental to, the "On-call Municipal Solid Waste Diversion Transportation and Disposal Work" (the "Work").

A bidder must detail all of its proposed disposal facilities in its bid. CRRA, at its sole discretion, may reject any such disposal facility.

Based on the combined disposal price and the adjusted transportation price (the transportation prices submitted by the bidder in its bid as adjusted pursuant to **Exhibit C**, "Fuel Price Adjustment," of the Agreement), CRRA will select one or more of the successful bidders to divert the MSW. The successful bidder(s) shall transport the MSW to and dispose of it at a properly permitted MSW disposal facility selected by the successful bidder and identified in the successful bidder's bid.

CRRA's notification to the successful bidder(s) requesting diversion transportation and disposal Work for a particular period shall be determined on an on-call, as-needed basis, communicated to the successful bidder(s) via telephone call, e-mail and/or fax. The award of the contract for the Work will be made, if at all, to the bidder(s) whose evaluation by CRRA results in CRRA determining that such award to such bidder(s) is in the best interests of CRRA. **However, the selection of a bidder(s) and the award of such contract, while anticipated, are not guaranteed.**

CRRA is an Equal Opportunity and Affirmative Action employer and does not discriminate in its hiring, employment, contracting, or business practices. CRRA is committed to complying with the Americans with Disability Act of 1990 (ADA) and does not discriminate on the basis of disability in admission to, access to, or operation of its programs, services, or activities.

12.1 Evaluation Criteria

CRRA will base its evaluation of bids on the following criteria, which are not necessarily presented in order of importance:

1. Cost;
2. Proven ability of the bidder to perform the Work required by the Contract Documents;
3. Any other factor or criterion that CRRA, in its sole discretion, deems or may deem relevant or pertinent for such evaluation.

12.2 Affirmative Action Evaluation Criteria

All bids will also be rated on the bidder's demonstrated commitment to affirmative action. Sections 46a-68-1 to 46a-68-17 of the *Regulations of Connecticut State Agencies* require CRRA to consider the following factors when awarding a contract that is subject to contract compliance requirements:

- (a) The bidder's success in implementing an affirmative action plan (see Question 4 of the Questionnaire Concerning Affirmative Action, Small Business Contractors And Occupational Health And Safety (Section 13 of the RFB Package Documents));
- (b) The bidder's success in developing an apprenticeship program complying with Sections 46a-68-1 to 46a-68-17 of the *Regulations of Connecticut State Agencies*, inclusive (see Question 5 of the Questionnaire Concerning Affirmative Action, Small Business Contractors And Occupational Health And Safety (Section 13 of the RFB Package Documents));
- (c) The bidder's promise to develop and implement a successful affirmative action plan (see Question 4B of the Questionnaire Concerning Affirmative Action, Small Business Contractors And Occupational Health And Safety (Section 4.10 of RFB Package Documents));
- (d) The bidder's submission of EEO-1 data indicating that the composition of its work force is at or near parity when compared to the racial and sexual composition of the work force in the relevant labor market area (See Section 10(m) of this Instructions To Bidders); and

- (e) The bidder's promise to set aside a portion of the contract for legitimate minority business enterprises (see Section 10(b) of this Instructions To Bidders).

13. Contract Award

If the contract is to be awarded, CRRA will issue to the successful bidder(s) a Notice Of Award within ninety (90) days after the bid due date.

CRRA reserves the right to correct inaccurate awards resulting from CRRA's errors. This may include, in extreme circumstances, revoking a Notice Of Award already made to a bidder and subsequently awarding the Notice of Award to another bidder. Such action by CRRA shall not constitute a breach of this RFB by CRRA since the Notice Of Award to the initial bidder is deemed to be void ab initio and of no effect as if no Agreement ever existed between CRRA and the initial bidder.

14. Affidavit Concerning Consulting Fees

BID PRICE FORM

In the following table(s), Bidder shall provide the following information related to the Bidder's Bid Price for Transportation of Diversion MSW for each disposal facility selected by the Bidder:

- (a) The distance in miles from the Disposal Facility to the CRRA MSW Facility from which Bidder proposes to provide diversion Work;
- (b) The transportation price per ton for which Bidder proposes to divert such MSW, assuming that the price per gallon of fuel is **\$4.150**; and
- (c) The percentage of the transportation price per ton that is attributable to fuel costs.

A Bidder will only be considered for providing MSW diversion transportation and disposal work for those facilities for which it has provided the requested information. Bidder is not required to propose to provide MSW diversion transportation and disposal work for each CRRA MSW Facility. Bidder may propose to provide such work from one or more such Facilities.

When CRRA needs to divert MSW, CRRA will contact one or more of the successful bidders and obtain from each of them their then current disposal price for the MSW to be diverted. The disposal price provided by a successful bidder will be combined with the then current transportation price for that successful bidder to determine the cost to CRRA for having that successful bidder dispose of the MSW to be diverted.

As detailed in **Exhibit C** of the Agreement, the then current transportation price will be determined on a semi-annual basis (July 1st and January 1st) by adjusting the fuel portion of the Bidder's transportation price (the Bidder's "Bid Price Per Ton for Transportation" multiplied by the Bidder's "Percentage of 'Bid Price Per Ton for Transportation' Represented by Fuel Cost") to reflect increases/decreases in the cost of fuel. The base price for the fuel adjustment shall be \$4.150, the February 2012 price of fuel specified by the U.S. Department of Labor, Bureau of Labor Statistics for Northeast Urban Automotive Diesel Fuel (Series ID Number APU010074717). This is the "Bid Fuel Price" in the formula in **Exhibit C**.

NOTE: If desired, Bidder may propose more disposal facilities than provided for in this Form. In such a case, Bidder should duplicate Page 2 of this Form, complete it and attach the Page to this Form.

Payments under this Agreement shall be based upon the scale weight data generated by CRRA's scales. This shall be the total compensation to Hauler for its performance of the Work hereunder. For each ton of MSW removed, transported, and disposed at a Disposal Site by Hauler, Hauler shall provide CRRA with a bill of lading from said receiving Disposal Site.

CRRA, during normal business hours, for the duration of this Agreement, shall have access to such books and accounts to the extent required to verify such costs incurred.

4.5 Withholding Taxes And Other Payments

No FICA (social security) payroll tax, state or federal income tax, federal unemployment tax or insurance payments, state disability tax or insurance payments or state unemployment tax or insurance payments shall be paid or deposited by CRRA with respect to Contractor, nor be withheld from payment to Contractor by CRRA. 4.6 State of Connecticut Taxes

Pursuant to Section 22a-270 of the *Connecticut General Statutes* (as the same may be amended or superseded from time to time), CRRA is exempt from all State of Connecticut taxes and assessments ("Connecticut Taxes"), and the payment thereof. Accordingly, Contractor shall not include in the fees, and Contractor shall not charge or pass through any Connecticut Taxes to CRRA, including that portion of any combined tax or assessment representing any Connecticut Taxes, regardless of whether Contractor has incurred any Connecticut State Taxes in its performance of the Agreement.

CRRA expresses no opinion as to the eligibility for any tax exemption, or refund or other reimbursement, including without limitation any Connecticut Taxes, with respect to tangible personal property purchased at any location for use in the performance of Work contemplated by this Agreement.

Contractor should consult with its tax advisor and/or its attorney, and the Connecticut Department of Revenue Services ("DRS") and any other applicable tax authority, with regard to such tax authorities' policies, procedures, recordkeeping and filing requirements for reimbursement of any taxes, including without limitation Connecticut Taxes, paid in the performance of Work contemplated by this Agreement, and whether or not there is a mechanism available to Contractor for the reimbursement of taxes, including without limitation Connecticut Taxes, paid on fuel purchased for use in the performance of the Work contemplated by this Agreement.

Contractor and CRRA agree that Contractor is and shall act as an independent contractor. Notwithstanding Contractor's status as an independent contractor, but without limiting Contractor's obligation hereunder to pay, and be solely responsible for, any Connecticut taxes levied, imposed or applicable to the Work, for the sole purpose of allowing CRRA to benefit from the aforesaid exemption, CRRA shall designate, and Contractor has agreed to act, as

CRRA's agent in purchasing services and equipment, machinery, parts, materials, supplies, inventories, fuel, and other items necessary to perform the Work hereunder for the account of CRRA, and with funds provided as reimbursement therefore by CRRA.

4.7 Mechanic's Liens

Contractor shall claim no interest in the Properties or any equipment, fixtures or improvements located or to be located thereon. Contractor shall not file any mechanic's liens or other liens or security interests against CRRA or any of its properties, including but not limited to the Properties. Contractor shall defend, indemnify and hold harmless CRRA against all costs associated with the filing of such liens or interests by Contractor or any of its subcontractors or materialmen. Before any subcontractor or materialman of Contractor commences any Work hereunder, Contractor shall deliver to CRRA an original waiver of mechanic's liens properly executed by such subcontractor or materialman. SCOPE OF WORK

1. WASTE DEFINITIONS

For the purposes of this Agreement, the term “Solid Waste” shall mean unwanted and discarded solid material consistent with the meaning of that term pursuant to Section 22a-260(7) of the Connecticut General Statutes, excluding semi-solid, liquid material collected and treated in a municipal sewerage system; and the term “MSW” shall mean Solid Waste generated by and collected from residential, commercial, institutional, industrial and other establishments located within the corporate limits of any Municipality, and deemed acceptable by CRRA in accordance with all applicable federal, state and local laws as well as CRRA’s Mid-Connecticut Project Permitting, Disposal and Billing Procedures (the “Mid-Connecticut Procedures”), which may be updated or amended by CRRA from time to time, for processing by and disposal at the Facility, but excluding any Solid Waste that is or may in the future be required by law or regulation to be recycled.

2. OVERVIEW

CRRA collects certain MSW for disposal at the CRRA MSW Facilities. At certain times during the term of this Agreement, CRRA may need to have excess MSW removed from its MSW Facilities and Hauler shall be responsible for removing the MSW in trucks from the CRRA MSW Facilities and transporting it to the Disposal Sites identified in Paragraph 5 herein.

3. HAULER RESPONSIBILITIES

Hauler shall be responsible for furnishing all labor, materials, supplies, tools, equipment, trucks, and other facilities and necessary appurtenances or property for or incidental to the performance and completion of said transportation and disposal of the MSW to the Disposal Sites (the “Work”). Trucks for the transport of MSW shall be supplied by Hauler and meet the permit requirements of CRRA and any other governmental regulatory bodies.

4. TRUCKS TO BE PROVIDED BY HAULER

The trucks provided by the hauler shall be 100 cubic yard transfer trailers with open top loading. MSW loads shall be covered by the hauler and kept covered during transport to Disposal Sites to avoid spillage.

All trucks will be inspected periodically by Hauler to assure compliance with these requirements. Hauler shall be responsible for any fines, penalties, enforcement actions and associated costs of such action and all costs associated with clean-up or correction of spills resulting from the transportation of the MSW in Hauler’s hauling vehicles.

5. LOADING

CRRA or its agents shall be responsible for assuring that Hauler's trucks are properly loaded at the CRRA MSW Facilities and that the Hauler's trucks have proper access to the CRRA MSW Facilities. Hauler recognizes that there will be some delays in the loading of its trucks associated with the normal business operations of the CRRA MSW Facilities.

6. DISPOSAL LOCATIONS

[Disposal locations to be inserted from the terms of Hauler's bid submission and after CRRA's approval of said disposal location(s) at CRRA's sole and absolute discretion.] In its performance of the Work, Hauler shall be authorized to transport the MSW to only the following sites: (1) the _____ located in _____; (2) the _____ located in _____; (3) _____ located in _____; or (4) any other disposal site or facility approved in writing by CRRA prior to any disposal by Hauler at said site or facility (the "Disposal Sites").

At CRRA's discretion, Hauler shall coordinate and obtain the permission of the owner/operator of the Disposal Sites to allow CRRA, or its agents, to inspect the Disposal Sites at any time during the term of this Agreement.

7. COMPENSATION AN PAYMENT TERMS

Terms for compensation and payment for this Agreement and Scope of Work are contained in Section 5 of the Agreement

REMOVAL AND TRANSPORTATION PRICES

[The successful bidder's per ton MSW Removal and Transportation Prices, as submitted on the successful bidder's Bid Price Form, will be added by CRRA.]

EXHIBIT C

FUEL PRICE ADJUSTMENT

The fuel prices, as specified in Exhibit B, "Removal And Transportation Prices," will be adjusted at the time services are requested by CRRRA based on the following formula to reflect (100%) of the change in the Northeast Urban Automotive Diesel Fuel (Series ID Number APU010074717) as published monthly by the U.S. Department of Labor, Bureau of Labor Statistics.

FORMULA:

$$\text{NEW Adjusted transportation price} = \text{Portion of Bid Price For Transportation NOT Represented by Fuel} + \left(\text{Portion of Bid Price for Transportation Represented by Fuel} \times \text{Fuel adjustment factor} \right)$$

$$\text{Fuel Adjustment factor} = (\text{Current Fuel Price} / \text{Bid Fuel Price})$$

HYPOTHETICAL EXAMPLE:

Assumes for this example that in their bid price form a bidder submitted a price of \$20/ton for transportation and indicated that 25% of that price was represented by fuel cost

Bid Price Per Ton	=	\$20.00/ton
Portion Represented by fuel cost	=	25% of \$20 = \$5
Portion of price not represented by fuel	=	\$20 – (\$20*.25) = \$15

Bid Fuel Price	=	\$4.150
Fuel Price at time of service	=	\$4.35
Fuel adjustment factor	=	(\$4.35/\$4.15) = 1.05

Adjusted Transportation Formula	=	\$15 + (\$5 x 1.05)
New Adjusted Transportation Price	=	\$20.25/ton

Campaign Contribution and Solicitation Ban

No state contractor, prospective state contractor, principal of a state contractor or principal of a prospective state contractor, with regard to a state contract or state contract solicitation with or from a state agency in the executive branch or a quasi-public agency or a holder, or principal of a holder of a valid prequalification certificate, shall make a contribution to, or solicit contributions on behalf of (i) an exploratory committee or candidate committee established by a candidate for nomination or election to the office of Governor, Lieutenant Governor, Attorney General, State Comptroller, Secretary of the State or State Treasurer, (ii) a political committee authorized to make contributions or expenditures to or for the benefit of such candidates, or (iii) a party committee;

Duty to Inform

State contractors and prospective state contractors are required to inform their principals of the above prohibitions, as applicable, and the possible penalties and other consequences of any violation thereof.

Penalties for Violations

Contributions or solicitations of contributions made in violation of the above prohibitions may result in the following civil and criminal penalties:

Civil penalties--\$2000 or twice the amount of the prohibited contribution, whichever is greater, against a principal or a contractor. Any state contractor or prospective state contractor which fails to make reasonable efforts to comply with the provisions requiring notice to its principals of these prohibitions and the possible consequences of their violations may also be subject to civil penalties of \$2000 or twice the amount of the prohibited contributions made by their principals.

Criminal penalties—Any knowing and willful violation of the prohibition is a Class D felony, which may subject the violator to imprisonment of not more than 5 years, or \$5000 in fines, or both.

Contributions made or solicited in violation of the above prohibitions, in the case of a prospective state contractor, shall result in the contract described in the state contract solicitation not being awarded to the prospective state contractor, unless the State Elections Enforcement Commission determines that mitigating circumstances exist concerning such violation.

The State will not award any other state contract to anyone found in violation of the above prohibitions for a period of one year after the election for which such contribution is made or solicited, unless the State Elections Enforcement Commission determines that mitigating circumstances exist concerning such violation.
