**RE: Connecticut General Statutes 22a-263
Quarterly Report of Connecticut Resources Recovery Authority Operations
For the Quarter Ending March 31, 2010**

Dear Governor Rell:

This is the quarterly report of operations of the Connecticut Resources Recovery Authority (the "Authority") for the 2nd Quarter of Fiscal Year 2010 (January 1, 2010 through March 31, 2010) as required by Connecticut General Statutes Section 22a-263 (the "Statute").

The Authority is responsible for implementing solid waste disposal and resource recovery systems and facilities throughout the State of Connecticut (the "State") in accordance with the State Solid Waste Management Plan. The Authority is comprised of separate and distinct, comprehensive solid waste disposal project systems located throughout the State. Therefore, the Statute requirements are reported separately for each project. Please be advised that the Bridgeport Project terminated on December 31, 2008 when the Bridgeport Project bonds matured and ownership of the Bridgeport facility was transferred to Wheelabrator. On January 1, 2009, the Authority created the SouthWest Division at the behest of 12 of the former 18 Bridgeport Project towns to provide solid waste disposal capacity on their behalf at the former Bridgeport Project.

If you have any questions on these or other matters, or if I may provide additional information, please contact me directly at (860) 757-7777.

Very truly yours,
