PREAMBLE

This Agreement is made and dated as of the _____ day of _____, _____ (the "Effective Date"), by and between the **CONNECTICUT RESOURCES RECOVERY AUTHORITY** ("CRRA"), a body politic and corporate, constituting a public instrumentality and political subdivision of the State of Connecticut (the "State"), and the **[TOWN / CITY] OF [NAME]** in the State, a municipality and political subdivision of the State (the "Municipality"). CRRA and the Municipality are sometimes hereinafter referred to individually as a "Party" and collectively as the "Parties."

WITNESSETH:

WHEREAS, CRRA was established pursuant to the Connecticut Solid Waste Management Services Act (the "Act"), Chapter 446e of the Connecticut General Statutes (the "General Statutes"), as a body politic and corporate, constituting a public instrumentality and political subdivision of the State, for the performance of an essential public and governmental function; and

WHEREAS, under the Act, CRRA has the responsibility and authority to provide Solid Waste disposal and resource recovery systems and facilities, and Solid Waste management services, where necessary and desirable throughout the State; and

WHEREAS, the Municipality has an obligation under Section 22a-220 of the General Statutes to make provision for the safe and sanitary disposal of Solid Waste generated within its corporate boundaries; and

WHEREAS, the Municipality is authorized by Sections 22a-275 and 22a-221 of the General Statutes, inter alia: (i) to enter into a contract with CRRA for Solid Waste processing and disposal services; and (ii) to pay reasonable fees and charges for such services; and

WHEREAS, CRRA owns the Facility, and owns or operates the Transfer Stations; and

WHEREAS, the Parties agree that it is in their mutual interest that CRRA (i) process and dispose of all of the Municipality's Acceptable Solid Waste generated within its corporate boundaries, and (ii) recycle certain Acceptable Recyclables generated within its corporate boundaries, and the Parties desire to enter into this Agreement to set forth their understandings and agreements in connection therewith; and

WHEREAS, in order to provide the Municipality with options for CRRA's provision of the foregoing services, CRRA created short-term and long-term Tier 1 services, Tier 2 services, Tier 3 services and Tier 4 services; and

WHEREAS, under either Tier 1 services option the Municipality would be required to provide all Acceptable Solid Waste generated within its borders to CRRA; and

WHEREAS, under the Tier 2 services option the Municipality would be subject to both minimum and maximum tonnage requirements with respect to Acceptable Solid Waste provided to CRRA; and

WHEREAS, under the Tier 3 services option, the Municipality would be subject to only a minimum tonnage requirement with respect to Acceptable Solid Waste provided to CRRA; and

WHEREAS, under the Tier 4 services option, the Municipality would be subject to both minimum and maximum tonnage requirements with respect to Acceptable Solid Waste provided to CRRA, and would provide both Acceptable Solid Waste and Acceptable Recyclables to CRRA; and

WHEREAS, the Municipality and each other Participating Municipality shall pay a uniform Base Disposal Fee, and pay certain other fees and charges and receive certain discounts, based on the service option and length of term selected; and

WHEREAS, the Municipality, having reviewed the aforesaid service options and length of terms, has elected to receive Tier 3 services from CRRA;

NOW, THEREFORE, in consideration of the undertakings and agreements hereinafter set forth and in reliance upon the preceding representations, the Parties agree as follows:

1. DEFINITIONS

1.1. Incorporation of Recitals

The recitals to this Agreement are incorporated into the body of this Agreement as a part hereof.

1.2. Specific Definitions

Capitalized terms herein have the meanings ascribed to such terms herein or in **Exhibit A** hereto and a part hereof.

1.3. General Definitions and Construction

As used in this Agreement, except as otherwise expressly provided or unless the context otherwise requires:

- (a) the terms defined in this Agreement include the plural as well as the singular;
- (b) all accounting terms not otherwise defined herein have the meanings assigned to them in accordance with generally accepted accounting principles;
- (c) the words “herein,” “hereof” and “hereunder” and words of similar import refer to this Agreement as a whole and not to any particular Article, Section or other subdivision; and

- (d) the words “include” and “including” shall be deemed to be followed by the words “without limitation.”

1.4. Incorporation of Procedures

The Procedures attached hereto as **Exhibit B** are incorporated herein by reference.

2. RESPONSIBILITIES OF THE PARTIES WITH RESPECT TO ACCEPTABLE SOLID WASTE AND ACCEPTABLE RECYCLABLES; TERM

2.1. Disposal Services to be Provided by CRRA

- (a) Subject to the terms of this Agreement, on and after November 16, 2012 (the “Commencement Date”), and continuing during the Term, CRRA shall (i) accept for processing and disposal all Acceptable Solid Waste delivered or caused to be delivered by the Municipality to the Designated Waste Facility, and (ii) recycle all Acceptable Recyclables delivered or caused to be delivered by the Municipality to the Designated Recycling Facility.
- (b) CRRA at its option may process and dispose of Solid Waste delivered to the Designated Waste Facility and the Designated Recycling Facility at such Waste Facilities, or CRRA may transport any such Solid Waste to an Alternate Facility for processing and disposal. Prior to any such transport, CRRA shall verify that such Alternate Facility is properly permitted and acceptable to CRRA. All requirements in this Agreement concerning Solid Waste processed and disposed of at the Designated Facilities shall also apply to Solid Waste transported to, and processed and disposed of by CRRA at an Alternate Facility. To avoid doubt, Solid Waste transported to, and processed and disposed of at an Alternate Facility pursuant to this Section 2.1(b), is not Emergency Bypass Waste.

2.2. Municipality to Supply Acceptable Solid Waste and Acceptable Recyclables; Delivery Obligations; Scheduled Deliveries; CRRA and Municipality Actions with Respect to Delivery Obligations; Requirements Regarding Deliveries

- (a) On and after the Commencement Date and continuing during the Term, the Municipality shall deliver or cause to be delivered to the Designated Waste Facility all Acceptable Solid Waste under its control pursuant to its statutory authority or encompassed under its municipal collection program, and generated within its corporate boundaries. Without limitation of the preceding sentence, the Municipality shall in any event deliver or cause to be delivered to the Designated Waste Facility during each Delivery Period, at least the scheduled deliveries (the “Scheduled Deliveries”) listed in **Exhibit C** for such Delivery Period.
- (b) On and after the Commencement Date and continuing during the Term, the Municipality shall deliver or cause to be delivered to the Designated Recycling

Facility all Acceptable Recyclables under its control and collected from residential and municipal generators within its corporate boundaries; including, if applicable, public schools and other locations under the supervision of a Board of Education. Notwithstanding the preceding sentence, the requirements of the preceding sentence shall not apply to any Acceptable Recyclables which are the subject of a written agreement in effect as of July 1, 2010, between the Municipality or the Board of Education on the one hand, and any Person other than CRRA on the other hand, including any renewal or extension of such written agreement during the Term.

- (c) Subject to Section 5.1, the Municipality shall pay the Tier 3 Disposal Fees and all other amounts payable hereunder, in accordance with the terms hereof.

2.3. Requirements Regarding Acceptable Solid Waste and Acceptable Recyclables

- (a) The Municipality agrees that the Acceptable Solid Waste and Acceptable Recyclables delivered by it or on its behalf hereunder:
 - (i) shall be generated within the Municipality's corporate boundaries, provided that nothing herein shall preclude the Municipality from arranging with any other Participating Municipality or Participating Municipalities, either through Municipal Collection or Contract Collection as defined in Sections 22a-207(16) and (17) of the General Statutes, for the combined delivery of Acceptable Solid Waste and Acceptable Recyclables generated within such Participating Municipalities, so long as CRRA has received reasonable prior written notice of such arrangement, which written notice shall set forth in form and substance reasonably satisfactory to CRRA, the method of allocation of such combined Acceptable Solid Waste and Acceptable Recyclables among such Participating Municipalities, and CRRA has approved such arrangement in writing; and
 - (ii) shall otherwise comply with the requirements of this Agreement, the Procedures and all applicable law. To the extent that technical or scientific analyses or determinations are involved, CRRA shall have final authority as to the methods, standards, criteria, evaluation, interpretation and significance of such analyses and determinations.
- (b) The Municipality will permit no new deliveries, and will discontinue or cause to be discontinued current deliveries of Solid Waste that do not comply with the provisions of this Section 2.3. Notwithstanding the foregoing, if any Solid Waste not in compliance with the provisions of this Section 2.3, including any Unacceptable Waste, is delivered by or on behalf of the Municipality to any Waste Facility, the same shall be deemed not accepted by CRRA and if discovered at such Waste Facility, may be transported to and disposed of by CRRA at a suitable location inside or outside the State selected by CRRA. CRRA shall make reasonable efforts to identify and promptly obtain reimbursement from the generator or other Person delivering such nonconforming Solid Waste on behalf of

such generator, for all costs incurred by CRRA, including fines or penalties, in connection with the transportation, handling or disposal of such nonconforming Solid Waste.

- (c) The Municipality shall separate (and shall direct each Waste Hauler that the Municipality has the ability to so direct, to separate) all Nonprocessable Waste from other Acceptable Solid Waste, prior to delivery.

2.4. Compliance with Requirements

CRRA shall determine in its sole but reasonable discretion whether the Solid Waste delivered by or on behalf of the Municipality complies with all requirements of this Agreement. Notice of and a copy of such determination, together with any supporting documentation, shall be provided to the Municipality, and shall be deemed to have been made in accordance with this Section 2.4 and to be correct at the expiration of sixty (60) days after such notice, unless within such sixty (60) day period the Municipality shall have filed with CRRA a written objection, stating that such determination is incorrect and stating the changes therein which should be made to correct such determination. CRRA shall accept or reject the Municipality's objection in whole or in part within forty-five (45) days of CRRA's receipt of such objection. Notice and a copy of CRRA's decision with respect to such objection will be provided to the Municipality within three (3) days of the date of decision. Where CRRA has rejected all or any part of the Municipality's objection, then CRRA, acting by its designated hearing officer, who shall be a municipal official member of the CRRA Board of Directors, shall so notify the Municipality and shall thereafter conduct a hearing on the matter. Such hearing shall take place within forty-five (45) days following the date on which notice of CRRA's decision has been mailed to the Municipality. The Municipality shall be accorded a full and meaningful opportunity to participate in the hearing and to present such evidence and testimony as may be material. Following such hearing, the hearing officer shall draft a memorandum of decision which shall include findings of fact and a statement of conclusion. The memorandum of decision shall be provided to the Municipality within three (3) days of the date of such decision. The memorandum of decision shall be considered a final adjudication of the issues unless, within thirty (30) days from the date of such memorandum of decision, a Party commences an action in the Superior Court of the State.

2.5. Requirements Regarding Deliveries; Title to Acceptable Solid Waste and Acceptable Recyclables

- (a) All deliveries of Acceptable Solid Waste and Acceptable Recyclables hereunder, shall conform to the requirements of this Agreement and the Procedures, and shall be delivered in vehicles conforming to the requirements of this Agreement and the Procedures.
- (b) The Municipality shall take no action that would result in a misidentification as to the source of Solid Waste delivered to any Waste Facility.

- (c) The Municipality shall make or cause to be made regular deliveries of Acceptable Solid Waste and Acceptable Recyclables to the Designated Facilities, during the regular operating hours thereof.
- (d) Title to Acceptable Solid Waste and Acceptable Recyclables delivered by or on behalf of the Municipality, shall pass to CRRA at the time that CRRA accepts such Acceptable Solid Waste and Acceptable Recyclables, upon CRRA's determination that such Acceptable Solid Waste and Acceptable Recyclables meet all requirements of this Agreement and the Procedures.

2.6. Designated Facilities; CRRA Selection of New Designated Facilities

The Municipality's Designated Waste Facility and Designated Recycling Facility as of the Effective Date (collectively, the "Original Designated Facilities") are listed on **Exhibit D** hereto and a part hereof. Subject to this Section 2.6 and after reasonable prior written notice to the Municipality, CRRA may from time to time and after consultation with the Municipality, select a new Designated Facility or Designated Facilities, and the Municipality shall thereafter deliver or cause to be delivered to such new Designated Facility or Designated Facilities, all Acceptable Solid Waste or Acceptable Recyclables (or both) hereunder. Prior to any such selection, CRRA shall verify that any such new Designated Facility or Designated Facilities is/are properly permitted and acceptable to CRRA. CRRA shall credit or reimburse the Municipality for any additional delivery costs incurred by the Municipality for the delivery of Acceptable Solid Waste or Acceptable Recyclables to such new Designated Facility or Designated Facilities (not to exceed the actual costs thereof), as compared to the Municipality's delivery costs to the Original Designated Facilities, as demonstrated by the Municipality and agreed to by CRRA, both in a commercially reasonable manner. To avoid doubt, Solid Waste transported to, and processed and disposed of at a new Designated Facility or Designated Facilities pursuant to this Section 2.6, is not Emergency Bypass Waste.

CRRA shall continue operating the Torrington Transfer Station and the Watertown Transfer Station for the receipt of Acceptable Solid Waste and Acceptable Recyclables during the Term, and shall not select a new Designated Facility in substitution for the Torrington Transfer Station or the Watertown Transfer Station during the Term, without the consent of the Municipality. Notwithstanding the preceding sentence, the CRRA obligations in such sentence shall be void and without further force and effect (i) with respect to the Torrington Transfer Station, if the Torrington Transfer Station does not process during each Contract Year (reduced proportionally for the first Contract Year) at least 38,500 Tons of Acceptable Solid Waste, and (ii) with respect to the Watertown Transfer Station, if the Watertown Transfer Station does not process during each Contract Year (reduced proportionally for the first Contract Year) at least 99,000 Tons of Acceptable Solid Waste.

2.7. Emergency Bypass Waste; Force Majeure

Subject to this Section 2.7, to the extent CRRA determines that it cannot accept the Municipality's Solid Waste at either Designated Facility (or both), CRRA shall first

redirect Spot Waste, Contract Waste and other Solid Waste not covered by any Municipal Solid Waste Management Services Agreement, which in each case CRRA has the right to so redirect without penalty or incurring any cost, to an Alternate Facility. After such redirection(s), if CRRA still cannot accept the Municipality's Solid Waste at either Designated Facility or at both Designated Facilities, then CRRA may redirect such Solid Waste ("Emergency Bypass Waste") to an Alternate Facility or Alternate Facilities selected by CRRA, and if such inability to accept is caused by a Force Majeure Event, consented to by the Municipality, which consent shall not be unreasonably withheld or delayed. Prior to any such redirection of Emergency Bypass Waste, CRRA shall verify that such Alternate Facility is properly permitted and acceptable to CRRA. The Municipality may in its discretion and with prior written notice to CRRA, elect alternate arrangements ("Alternate Arrangements"), for the disposal of the Municipality's Solid Waste necessitated by, and for the duration of any Force Majeure Event. Any additional costs incurred by CRRA in connection with its redirection of Emergency Bypass Waste not caused by a Force Majeure Event shall be paid by CRRA. For all Emergency Bypass Waste which is redirected by CRRA as the result of a Force Majeure Event and with respect to which the Municipality has not elected Alternate Arrangements, the Municipality shall pay CRRA the Tier 3 Disposal Fees and any applicable Transfer Station Fuel Surcharge, plus the incremental costs, if any, incurred by CRRA in connection with the transportation and disposal of such Emergency Bypass Waste, as demonstrated by CRRA in a commercially reasonable manner. CRRA shall use commercially reasonable efforts to overcome promptly any inability to accept the Municipality's Solid Waste at either Designated Facility.

2.8. Effective Date; Duration of Contract

This Agreement shall be effective as of the Effective Date; however, the obligations of the Parties shall begin on the Commencement Date and shall continue for fifteen (15) Contract Years (the "Term"). This Agreement shall expire at 11:59 p.m., on June 30, 2027.

3. ANNUAL BUDGET; TIER 3 DISPOSAL FEE; OTHER CHARGES; MOST FAVORED NATION

3.1. Budget

CRRA shall adopt a budget (the "Budget") for each Contract Year. Each Budget shall include CRRA's estimates of the following for the subject Contract Year: the Cost of Operation and the Net Cost of Operation, the Aggregate Tons, Non-Disposal Fee Revenues, any deposits or withdrawals (or both) to and from Reserves, and the Service Payments. In determining the Budget, CRRA shall assume for the subject Contract Year: (i) that the Municipality will deliver or cause to be delivered to the Designated Waste Facility a specific quantity of Acceptable Solid Waste; (ii) that the Connecticut Solid Waste System will receive the Aggregate Tons; (iii) that Persons obligated to deliver Contract Waste will deliver the full amount of the said Contract Waste; and (iv) a specific quantity of delivered Spot Waste.

3.2. Tier 3 Disposal Fee; Other Charges

- (a) As part of its determination of the Budget, CRRA shall calculate a disposal fee (the “Base Disposal Fee”) to be charged with respect to each Ton of Acceptable Solid Waste delivered by or on behalf of the Municipality and each other Participating Municipality during the subject Contract Year. The Base Disposal Fee shall be uniform as to all Participating Municipalities and shall be calculated without regard to the location of any Participating Municipality’s Designated Waste Facility. CRRA shall set the Base Disposal Fee such that the product of the Base Disposal Fee and the Aggregate Tons, shall produce funds estimated as sufficient to pay the estimated Net Cost of Operation for the subject Contract Year. The amount calculated pursuant to the preceding sentence constitutes the estimated Service Payments.

As a Tier 3 Municipality, the Municipality shall receive the Service Discount off the Base Disposal Fee. The Base Disposal Fee, net of the Service Discount, is the “Tier 3 Disposal Fee.”

- (b) In addition to the Tier 3 Disposal Fee, the Municipality shall pay (i) any Transfer Station Fuel Surcharge assessed by CRRA and calculated pursuant to Exhibit E hereto and a part hereof, for each Ton of Acceptable Solid Waste delivered to a Transfer Station, and (ii) any additional fees or surcharges set by CRRA during the Budget Process for particular categories of Solid Waste; provided, however, that CRRA shall not charge and the Municipality shall not pay any tip fee for Acceptable Recyclables delivered to the Designated Recycling Facility.
- (c) On or before February 29, 2012, CRRA shall adopt the Budget for the first Contract Year and provide a copy thereof, together with the level of the Tier 3 Disposal Fee and of any additional amounts payable pursuant to Section 3.2(b), for the first Contract Year, to the Authorized Representative of the Municipality.

On or before the last day of February preceding Contract Year 2 and each subsequent Contract Year, CRRA shall adopt the Budget for such Contract Year and provide a copy thereof, together with (i) the level of the Tier 3 Disposal Fee, and (ii) the level of the Transfer Station Fuel Surcharge (if assessed), together with any additional fees and/or surcharges pursuant to Section 3.2(b), all for such Contract Year, to the Authorized Representative of the Municipality.

- (d) Based on the Budget, the Municipality shall make all budgetary and other provisions or appropriations necessary to provide for and to authorize the timely payment by the Municipality of the Tier 3 Disposal Fees and the other amounts calculated pursuant to this Section 3.2, as the same become due and payable.

3.3. Most Favored Nation

- (a) With respect to Acceptable Solid Waste, and provided that no Municipality event of default exists hereunder, the Municipality shall pay with respect to Acceptable Solid Waste the lower of (i) the sum of the Tier 3 Disposal Fee and all amounts

assessed pursuant to Section 3.2(b), or (ii) the per-Ton CRRA tip fee, inclusive of all additional fees or surcharges (collectively, the “Other Tip Fee”) charged under any other contract (an “MFN Waste Contract”) with the same or substantially the same terms and conditions, including the same length of term, executed by CRRA after the Commencement Date with a Connecticut municipality other than a Participating Municipality, for the delivery of Acceptable Solid Waste, other than Spot Waste, to the Designated Waste Facility.

- (b) With respect to Acceptable Recyclables, and provided that no Municipality event of default exists hereunder, the Municipality shall be entitled to the more favorable of the rights provided (i) hereunder, or (ii) under any other contract (an “MFN Recycling Contract”) with the same or substantially the same terms and conditions other than such rights (the “MFN Recycling Rights”) but including the same length of term, executed by CRRA after the Commencement Date with a Connecticut municipality other than a Participating Municipality, for the delivery of Acceptable Recyclables to the Designated Recycling Facility.
- (c) After the Commencement Date, CRRA shall, within fifteen (15) Days after the execution of any MFN Waste Contract or any MFN Recycling Contract, as applicable, provide notice of such execution to the Municipality. With respect to any MFN Waste Contract, beginning on the first Day of the Month first following CRRA’s provision of such notice to the Municipality and continuing for so long as the Municipality is eligible to receive the Other Tip Fee, CRRA shall charge and the Municipality shall pay the Other Tip Fee for its Acceptable Solid Waste. With respect to any MFN Recycling Contract, beginning on the first Day of the Month first following CRRA’s provision of such notice to the Municipality and continuing for so long as the Municipality is eligible to receive the MFN Recycling Rights, CRRA shall grant and the Municipality shall receive such MFN Recycling Rights.
- (d) The Municipality’s eligibility for the Other Tip Fee or the MFN Recycling Rights, as applicable, shall cease as of the first Day of the Month following CRRA’s provision of written notice to the Municipality of such cessation for any of the following reasons: (i) the issuance of a Notice of any event of default by the Municipality hereunder, (ii) the Municipality’s Designated Waste Facility or Designated Recycling Facility, as applicable, changes such that the requirements of this Section 3.3 are no longer satisfied; or (iii) the expiration or earlier termination of the subject MFN Waste Contract or MFN Recycling Contract, as applicable.

3.4. Recycling Program

On and after the Commencement Date and provided that no event of default exists hereunder, for any period with respect to which (i) revenues received by CRRA from the sale of Acceptable Recyclables exceed CRRA’s processing and administrative costs with respect to such Acceptable Recyclables, as determined by CRRA in a commercially reasonable manner, and (ii) the CRRA Board of Directors has declared a surplus with respect to such revenues pursuant to Conn. Gen. Stat. § 22a-267(6), as the same may be amended, supplemented or superseded, CRRA shall provide a rebate (a “Recycling

Rebate”) to the Municipality for each Ton of Acceptable Recyclables delivered by or on behalf of the Municipality during such period. If so provided, Recycling Rebates shall be provided retroactively for any applicable Contract Year (or portion thereof). Nothing in this Section 3.4 shall establish a claim or any other right of the Municipality to any Recycling Rebate, or impose any obligation on CRRA to declare any Recycling Rebate.

3.5. Scheduled Deliveries; Delivery Payment

- (a) If during any Delivery Period listed in Exhibit C, the Municipality does not deliver or cause to be delivered to the Designated Waste Facility at least the Scheduled Deliveries for such Delivery Period (prorated for any partial Delivery Period and including any Emergency Bypass Waste for such Delivery Period), then the Municipality shall pay to CRRA: (i) for any Delivery Period 1 and/or Delivery Period 4, the product of (a) fifteen dollars (\$15.00) times (b) the Scheduled Deliveries, minus the portion (in Tons) of the Scheduled Deliveries that the Municipality delivered to the Designated Waste Facility during such Delivery Period(s); and (ii) for any Delivery Period 2 and/or Delivery Period 3, the product of (a) thirty dollars (\$30.00) times (b) the Scheduled Deliveries, minus the portion (in Tons) of the Scheduled Deliveries that the Municipality delivered to the Designated Waste Facility during such Delivery Period(s); (in the case of both (i) and (ii), a “Delivery Payment”), as determined by CRRA in a commercially reasonable manner. For purposes of the preceding sentence, the first Delivery Period in the first Contract Year shall be deemed a Delivery Period 3, and the second Delivery Period in the first Contract Year shall be deemed a Delivery Period 4.

CRRA shall not impose, and the Municipality shall not pay any penalty or other additional amount for delivered quantities of Acceptable Solid Waste in excess of any Scheduled Deliveries; provided, however, that the Municipality shall pay the Tier 3 Disposal fees and all other amounts required hereunder for such Acceptable Solid Waste.

- (b) Any Delivery Payment for any Delivery Period shall be calculated by CRRA and billed to the Municipality in the invoice provided pursuant to Section 5.1, in the second Month following the conclusion of such Delivery Period; or, if such Delivery Period is the final Delivery Period under this Agreement, any Delivery Payment for the final Delivery Period shall be calculated and billed by CRRA, and paid by the Municipality pursuant to Section 5.3.

3.6. Municipal Request to Decrease Scheduled Deliveries

If at any time during the Term the Municipality becomes aware of circumstances beyond its control that might prevent the Municipality from meeting the Scheduled Deliveries, then the Municipality may submit a written request to CRRA for a decrease in the Scheduled Deliveries, together with information sufficient for CRRA to evaluate the underlying circumstances of the request. CRRA shall consult with the Municipality concerning such request, and shall grant or deny such request (not to be unreasonably

denied). In the event a decrease is approved, the Municipality's Scheduled Deliveries for the current Contract Year (if less than a full Contract Year remains) shall be decreased proportionally to the decrease in the Scheduled Deliveries granted by CRRA for a full Contract Year.

Without limitation of the preceding provisions of this Section 3.6, the Parties agree that no provision of this Agreement is intended to discourage or prohibit recycling or other waste reduction activities implemented by the Municipality. If any such waste reduction activities by the Municipality reduce the quantity of Acceptable Solid Waste under the Municipality's control such that the Municipality is no longer able to satisfy its obligations hereunder with respect to the Scheduled Deliveries, as demonstrated to CRRA's reasonable satisfaction, then the Municipality shall so notify CRRA in writing. Within thirty (30) days of CRRA's receipt of such notice, the Parties shall negotiate in good faith an appropriate reduction to the Scheduled Deliveries reflecting such waste reduction activities. CRRA reserves the right from time to time to request verification from the Municipality as to the continued impact of any such waste reduction activities on the Scheduled Deliveries, and the Municipality shall provide such verification. If, based on such a request, CRRA reasonably believes that a prior reduction to the Scheduled Deliveries is no longer supported by the Municipality's waste reduction activities, then CRRA shall so notify the Municipality in writing. Within thirty (30) days of the Municipality's receipt of such notice, the Parties shall negotiate in good faith an appropriate increase to the Scheduled Deliveries, reflecting the Municipality's then-current level of waste reduction activities.

The Scheduled Deliveries listed in Exhibit C shall be adjusted to reflect any reductions or increases thereto, resulting from the application of the provisions of this Section 3.6, pro-rated for any partial Delivery Period.

4. (RESERVED)

5. INVOICING; SUMS DUE ON EXPIRATION

5.1. Invoicing

On or before the fifteenth (15th) Business Day following the end of each Billing Period, CRRA shall provide the Municipality with an invoice setting forth the Tier 3 Disposal Fees (net of amounts billed to Waste Haulers) and any other charges or fees due and payable for such Billing Period, together with any other amounts then due. Each invoice shall set forth the actual Tons of Acceptable Solid Waste delivered by or on behalf of the Municipality and accepted by CRRA during such Billing Period, multiplied by the Tier 3 Disposal Fee. Each invoice shall also set forth the cumulative portion of the Scheduled Deliveries for the applicable Delivery Period, through and including the subject Billing Period. On or before the twentieth (20th) day following the date of such invoice (the "Due Date"), the Municipality shall pay CRRA or its designee the full amount of such invoice. CRRA shall notify the Municipality in writing as to the identity of any such designee. If the Due Date is a Sunday, a holiday or any other day which is not a Business

Day, the next following Business Day shall be the Due Date. Amounts billed to Waste Haulers on behalf of the Municipality and any additional relevant information shall be contained in a monthly statement provided to the Municipality with the aforesaid invoice. The Municipality agrees that: (i) the monthly invoices issued pursuant to this Section 5.1 may not require the current payment of all amounts for which the Municipality is then liable under this Agreement, and (ii) the Municipality shall remain liable for payment of such amounts notwithstanding the deferral of the time at which the payment of such amounts is required. Without limitation of the preceding sentence, the Municipality shall not be responsible to CRRA for the payment of amounts billed by CRRA to Waste Haulers. All Tier 3 Disposal Fees and other amounts for which the Municipality is liable hereunder shall be current expenses of the Municipality.

5.2. Failure to Pay Invoice

If payment in full of any invoice rendered by CRRA is not made on or before the Due Date, a delayed-payment charge of the greater of one and one-half percent (1 & ½%) per Month or fifty dollars (\$50.00) shall be assessed on all past due amounts, which delayed-payment charge shall become immediately due and payable to CRRA as liquidated damages for failure to make prompt payment, and shall be reflected in the invoice for the following Month. In addition to, and not in limitation of the foregoing, if payment in full of any invoice rendered by CRRA is not made on or before the Due Date and such non-payment continues uncured for a period of thirty (30) days after written notice of such non-payment from CRRA to the Municipality, then CRRA may in its sole and absolute discretion, cease accepting Acceptable Solid Waste and Acceptable Recyclables from the Municipality until all outstanding invoices, delayed payment charges and any other payments which have become due, are paid in full. No such cessation by CRRA shall relieve the Municipality from any of its obligations hereunder.

5.3. Sums Due upon Expiration of this Agreement

Subject to the terms of this Agreement, including Section 5.1 and Section 5.2, any amounts due to CRRA from the Municipality upon the expiration or earlier termination of this Agreement shall be paid by the Municipality on or before sixty (60) days after the date on which any invoice containing such amount is presented to the Municipality. Such amounts may include the Municipality's Municipal Share of all costs (including any costs of borrowing) incurred by CRRA as a result of the payment by the Municipality or any other Participating Municipality of less than the full amount owed pursuant to this Agreement or any other Municipal Solid Waste Management Services Agreement. CRRA acknowledges that the Municipality is entitled to sue CRRA for injunctive relief, mandamus or specific performance, or to exercise such other legal or equitable remedies not herein excluded, to enforce CRRA's obligations hereunder.

7.5. Levy of Taxes and Cost Sharing or Other Assessment

To the extent that the Municipality shall not make provisions or appropriations necessary to provide for and authorize the payment by the Municipality to CRRA of the payments required hereunder, the Municipality shall levy and collect all general or special taxes, or cost sharing or other assessments, to the full extent permitted by the laws of the State, as may be necessary to make any such payment in full when due hereunder.

7.9. Amendments

This Agreement may be amended from time to time by a writing duly authorized and executed by the Parties.

7.10. Severability

If any provision of this Agreement shall for any reason be determined to be invalid or unenforceable, the invalidity or unenforceability of such provision shall not affect any of the remaining provisions hereof, and this Agreement shall be construed and enforced as if such invalid or unenforceable provision had not been contained herein.

7.11. Execution of Documents

This Agreement may be executed in any number of original or facsimile counterparts and as separate counterparts, all of which when so executed and delivered will together constitute one and the same instrument. If the Parties elect to execute this Agreement by facsimile or other electronic means, the same shall have the same force and effect as if this Agreement had been manually executed by the Parties in one complete document, and the Parties shall exchange wet-signature original signature pages within a reasonable time after such execution.

7.12. Waiver; Amendment

Unless otherwise specifically provided by the terms of this Agreement, no delay or failure to exercise a right resulting from any breach of this Agreement will impair such right or shall be construed to be a waiver thereof, but such right may be exercised from time to time and as often as may be deemed expedient. Any waiver or amendment hereof must be in writing and signed by the Party against whom such waiver or amendment is to be enforced. If any covenant or agreement contained in this Agreement is breached by any Party and thereafter waived by any other Party, such waiver will be limited to the particular breach so waived and will not be deemed to waive any other breach of this Agreement. Making payments pursuant to this Agreement during the existence of a dispute shall not constitute a waiver of any claims or defenses of the Party making such payment.

7.13. Entirety

This Agreement merges and supersedes all prior negotiations, representations, and agreements between the Parties relating to the subject matter hereof, and constitutes the entire agreement between the Parties.

7.14. Notices, Documents and Consents

However, nothing in this Section 7.15 shall require either Party to comply with any law, the validity or applicability of which shall be contested in good faith and, if necessary or desirable, by appropriate legal proceedings.

7.16. Assignment

Except as specifically set forth herein, neither Party may assign any interest herein to any Person without the consent of the other Party, and any assignment hereof, in whole or in part, and the terms of this Agreement shall inure to the benefit of and be binding upon the respective successors and permitted assigns of each Party. Nothing herein contained, however: (i) shall prevent the reorganization of either Party nor prevent any other body corporate and politic succeeding to the rights, privileges, powers, immunities, liabilities, disabilities, functions and duties of a Party, as may be authorized by law, in the absence of any prejudicial impairment of any obligation of contract hereby imposed; or (ii) shall preclude the assignment by CRRA for the benefit of any holders of its Bonds, of its rights and obligations hereunder, of any or all of the monies to be received hereunder or of the proceeds of its Bonds. The Municipality specifically agrees to the assignment thereof to the trustee of any such Bonds, of the specific CRRA rights permitted hereunder.

7.17. Dispute Resolution

All disputes, differences, controversies or claims pertaining to or arising out of or relating to this Agreement or the breach hereof, which the Parties are unable to resolve themselves, shall be resolved by a court of competent jurisdiction in the State (including the appellate courts thereof), unless the Parties agree to do so by arbitration or mediation. EXHIBIT E

TRANSFER STATION FUEL SURCHARGE

CRRA shall determine the Transfer Station Fuel Surcharge (if any) as part of its Budget process for each Contract Year, commencing with Contract Year 2. Commencing with Contract Year 2, CRRA shall assess the Transfer Station Fuel Surcharge during each Contract Year in which the average price of diesel fuel (the "ADP") for the immediately-preceding calendar year (the "Annual Period"), exceeds the reference price of \$5.00 per gallon (the "RP"), calculated as the average of the Northeast Urban Automotive Diesel Fuel (Series ID Number APU010074717) for the Annual Period, as published monthly by the U.S. Department of Labor, Bureau of Labor Statistics, or a mutually agreeable alternative index if such index is no longer published or the method of computation thereof is substantially modified.

For each \$0.10 increase (or portion thereof) that the ADP exceeds \$5.00 per gallon, the Transfer Station Fuel Surcharge shall equal \$0.065 (or portion thereof, rounded to the next-highest whole cent), pursuant to the following formula:

$$\text{Transfer Station Fuel Surcharge} = (0.065) \frac{(\text{ADP} - \text{RP})}{(0.10)}$$

EXAMPLE

Assume that the ADP for the prior Annual Period is \$6.00 per gallon.

$$\text{ADP} = (0.065) \times \frac{1.00}{0.10}$$

$$\text{ADP} = \$0.65 \text{ cents per Ton}$$
